50 CENTS PER MONTH

U. S. ASKS KAISER TO SEND YANKEES HOME, REPORT

TEUTONS SMASH ALL ASSAULTS OF ALLIES IN WEST, CLAIM

Berlin's Official Statement Holds French and British Heavily Repulsed

DUEL OF BIG CANNON RAGING, SAYS PARIS

Soissons Under Death Storm From Heavy Calibre Guns of Kaiser

NEW YORK, Mar. 29.—Reports today from all the belligerents indicate that the German retreat is in its final stage and it is believed that fighting will be massed hereafter. The French are everywhere engaged along the new German line.

BERLIN, via Sayville Wireless, Mar. 29.—Repulse of all British and French attacks on the western front was announced in today's official statement. Four aeroplanes were brought down by German forces.

PARIS, Mar. 29.—Capture by advancing French forces of an important munition and material depot was announced in today's official report. The war office said there was an intermittent artillery duel from the Somme to the Aisne during the night, the French everywhere being in contact with the enemy lines.

German forces bombarded Soissons with big caliber guns.

BRITISH IN EGYPT ROUT MOSLEMS

LONDON, Mar. 29.—Defeat of a Turkish force of 20,000 men south of Gaza was reported officially from the Egyptian expeditionary force today. Heavy casualties were inflicted on the enemy.

Gaza is a city of Palestine, about forty-eight miles southwest of Jerusalem.

DIVER CAPTURED BY BRITISH SHIP

WASHINGTON, Mar. 29.—Between the lines of what at first appeared to be a conducting state department cablegram, naval men today patched out the story of how a German submarine torpedoed the British bark Neath, took her captain hostage and then herself was captured by a British ship.

A message from Consul Frost at Queenstown said the captain had been taken prisoner and also added later that he landed at Queenstown the following day. What at first seemed to be a conflicting statement, however, convinced naval men that the Britons had bagged the U-boat and freed the captain.

Frost's message reads:

"British bark Neath, with auxiliary steam power, 4690 tons, bound Mauritius to Havre with sugar, torpedoed without warning 8:45 a. m., 27th, 28 miles southeast of Fastnet. Sank in seven minutes. No losses or injuries. Captain taken hostage by submarine. Neath carried no gun or wireless; no attempt to escape or resist. Weather fair. Boats picked up by auxiliary vessel three miles off Baltimore, England, 6:30, 27th. All saved. Captain landed at Queenstown today (March 28)."

"Two Americans, Clarence Bloom, boatswain, 2209 Stewart street, San Francisco, and Peter Webster, negro seaman, Pensacola, Fla."

START ORGANIZATION OF L. A. VOLUNTEERS FOR ROOSEVELT FORCE

LOS ANGELES, Mar. 29.—Organization of four companies of California volunteers for service in Col. Roosevelt's division was started here today. Major Frederick R. Burnham, personal friend of Roosevelt's and a veteran of South African campaigns, is in charge of the local recruiting office, and also of other California recruiting. The plan, according to Burnham, is to enlist men of military or naval militia experience who are beyond the age of the average militiaman. The division of 22,000 men will comprise all branches of the service.

Have You Done Your Share For Your Country?

Have you done YOUR share for your country?

Have you yourself enlisted in Company L, or have you aided in securing recruits?

Have you subscribed to the Chamber of Commerce Fund for Company L?

This is the time for patriotism. This is the time for you to do all you can to aid the President and your country in the present crisis.

Help Company L obtain new members!

Telephone to the Chamber of Commerce and have your name put on the subscription list!

GERMAN UNREST IS INDICATED

LONDON, Mar. 29.—Not only is the Franco-British advance after the retreating Germans on the western front going entirely too fast to suit the Teutonic militarist plans, but there is great unrest at home among the German people. Dispatches from Holland today gave hint of these things.

The reported efforts of the leaders to quiet an undercurrent of sentiment for greater power for the people by sudden decision at once to grant increased powers of the voters; detailed official admissions of the increasing gravity of the food situation and told of a growing spirit of democracy inspired by news of the success of the Russian revolutionists.

Rouses Apprehension

General apprehension has been caused by the frank admissions of Food Dictator Herr Batocki as to the waning food supply. That the German government has found it necessary to grant a small fee to aid the rationing of citizens was regarded as evidence of its recognition of a serious situation. Batocki was quoted as declaring estimates of supplies had been too optimistic and as forecasting still further reduction in food.

Specialist speakers in the Reichstag committee meeting were reported to have declared the 1916 harvest, which Germany has depended upon to carry her through, was less in grains than the 1915 crop—and the 1915 crop had been regarded as alarmingly short. Reductions now planned by the government are expected to cut the bread supply nearly in half.

Unrest Realized

Military observers today commented on the elaborate explanations which the German leaders have been making of the retreat on the western front as indicating a realization of unrest among the people. Meanwhile the British public's optimism increased with reports from the battle front indicating steady and continued advance of the British and French armies. General Nivelle is trying the famous "nut cracker" tactics, first attempted by the Crown Prince at Verdun, on the German lines around St. Gobain forest, exerting tremendous pressure on the lines near Laon.

RY. INCOME INCREASES DESPITE ADDED COST OF OPERATING ROADS

WASHINGTON, Mar. 29.—Although the railroads of the country contend that heavy increased operating expenses have greatly reduced net earnings, the January estimate of the net income of the leading roads, announced today by the Interstate Commerce Commission, showed a gain of \$7,000,000 over the same month a year ago.

BANKS MERGE

SAN DIEGO, March 29.—Announcement was made today of the consolidation of the Bank of Commerce and Trust Company and the Southern Trust and Savings Bank. The consolidated institution will handle a large amount of Imperial Valley business. It will have a capital of \$1,000,000 and resources of \$8,846,000.

RECRUITING FOR COMPANY L IS SHOWING BIG INCREASE

Captain Holderman Plans to Stage Military Parade Saturday Night

Although not yet up to the level which the officers expect it to reach, recruiting in Orange county for Company L was stimulated today. A large number of men have inquired regarding enlisting and it is now certain that the next few days will see a splendid increase in enlistments.

Captain N. M. Holderman stated today that it is his plan to stage a parade through the business section of Santa Ana Saturday night. Efforts are being made to secure the services of the Santa Ana Elks' band.

It was stated by Captain Holderman that absolutely new uniforms will be issued to every militiaman immediately after the Seventh Regiment arrives at the mobilization point. Some men now with Company L have no uniforms. These will get new outfits, as will also those already having them.

Owing to the lack of uniforms for all his men, Captain Holderman is endeavoring to get his command released from participating in the parade that is planned for Los Angeles Saturday. Up to the middle of this afternoon word had been received at the Army in reply to Captain Holderman's suggestion that Company L remain in Santa Ana. However, should the local company be ordered to appear in the Los Angeles parade, the company would be able to get back to Santa Ana in time for Saturday evening's parade here.

Contributions for the Company L fund, launched yesterday by the Chamber of Commerce, are coming in rather slowly. It is hoped, however, that when several of the members of the Chamber personally begin circulating the subscription lists, as now planned, that response will be greater. Recruiting stations have been opened at the postoffices at Orange, Anaheim, Fullerton and Huntington Beach and these are getting results.

Following is a list of the new members of Company L: Steven B. Ries, John W. Freeman, Hall W. Tucker, Carroll J. Stevens, Floyd Thompson, all of Santa Ana; Bayard C. Conser, Fullerton; Robert Ware, Fullerton; Ralph B. Babcock, Los Angeles; and Elmer G. Dolley, Garden Grove.

Fred Rafferty today subscribed \$5 to the Company L Fund.

This afternoon George B. Shattuck, president of the Chamber of Commerce, was scheduled to appoint a committee to circulate the subscription lists for the Fund.

SANTA ANA'S FIRST WAR BRIDE WEDDED TODAY

Santa Ana's first war bride was wedded today. She was Miss Lotus M. Cliver, daughter of Mrs. Lydia Cliver, 609 Baker street, and is now Mrs. William W. Woods, wife of Private Woods of Company L.

The wedding ceremony was performed in the parsonage of the First Presbyterian church, Rev. J. A. Stevenson officiating.

The bride's mother and Captain N. M. Holderman were the only witnesses of the ceremony.

Woods is a resident of Tustin.

Rousing Rally to Increase Recruiting, Anaheim Plan

Enthusiastic work is being done at Anaheim on a proposed plan of holding a rousing patriotic meeting at the Mother Colony either Monday or Tuesday for the purpose of stimulating recruiting in Company L.

Many representative citizens of Anaheim are desirous that the Mother Colony be well represented in the ranks of the Santa Ana militia organization and to that end are doing all in their power to make the patriotic demonstration a huge success.

Among the details being discussed are: Having Company L in attendance at the meeting; having the Anaheim band render a patriotic concert, and having well known Orange county speakers give addresses.

A recruiting station has been opened at the Anaheim post office, with assistant Deaver and Private Pollard of Company L, assisted by Private Moore, on furlough from the Twenty-first United States Infantry, in charge.

STAND BY PRESIDENT, IS G. A. R. RESOLUTION

At a regular meeting of Sedgwick Post No. 17, Department of California and Nevada, G. A. R., it was unanimously decided that the support of the Post should be given the President of the United States in the present warlike difficulties, according to announcement made today by Adjutant H. F. Stone.

RICH ANGELENO, ATTACK VICTIM, TELLS STORY AT HOSPITAL

Major Off, Capistrano Ranch Owner, Relates Details of Mystery Assault

Major John W. A. Off, prominent throughout Southern California as a financier, and owner of a valuable ranch property at Capistrano, in an interview at the Santa Ana Hospital today told of the details of the mysterious assault of which he was a victim at his ranch Monday night and in which he suffered a fracture of the left collar bone, fracture of two ribs on the left side and bruises about the head and body.

Major Off told in his own words today how he was rendered unconscious by a blow on the head and did not regain his senses until two hours after the blow was struck.

Off drove down from Los Angeles to Capistrano Monday afternoon. In the evening he and the foreman of his ranch, Frank Conrad, passed a couple of hours in the kitchen of the Off residence. About 9 o'clock Conrad left to go to his bedroom in the garage. Off followed him, going to the chicken corral to shut the gate and then to the engine house to stop a gasoline engine running to pump water.

Hears Grating Noise

"From the engine, I walked toward the house," said Off this morning in described his experience. "As I stepped on the walk, I heard a grating noise back of me. It was pitch dark. I supposed the noise was made by my dog following. I called the name of my dog. Suddenly I was struck over the head. The blow dazed me. The man struck at me the second time. The weapon he used struck my shoulder, breaking the collar bone and fracturing two ribs. I then became unconscious. It was 9 o'clock when the assault was made. It was 11 o'clock when I regained consciousness. What was done by my assailant after he struck me the second blow, I, of course, do not know. When I came to I got up and with difficulty walked to my bed room and went to bed. I was suffering intense pain. I took codene to stop the pain from my wounds."

Has No Enemies

"The next morning, when Conrad came into the house to prepare breakfast, I called him and he summoned a physician from Santa Ana. I haven't an enemy that I know of—certainly I know of no one who would want to kill me. The assault may have been by some man whom I have discharged some time in the past."

The character of the injuries sustained from the second blow indicates that the assailant used a very heavy weapon, wielding it with great force, and it seems miraculous that the first blow did not fracture Off's skull.

Off was brought to the hospital Tuesday morning and his wife and son, John, Jr., came down from Los Angeles and spent the day with him. The injured man will probably be strong enough to be moved to his home in Los Angeles Saturday or Sunday.

LATE WIRE NEWS

SACRAMENTO, March 29.—Governor Stephens today signed the defense council bill.

SIoux CITY, Iowa, March 29.—Threats against President Wilson are today alleged to have been made by George Schultze, a German sympathizer, who was recently suspected of plotting to dynamite a bridge. He is being held.

WASHINGTON, March 29.—Congresswoman Rankin will reintroduce the Anthony suffrage amendment as her first official act after being sworn in, it was learned today. The National woman's party is preparing for a new suffrage campaign following this.

SACRAMENTO, March 29.—A state license for dogs except in large cities was proposed in an assembly bill, the sheep men requesting it. Constables are to enforce the license, which will be \$2.00.

EL PASO, March 29.—Reports that Villa is delaying his expected Chihuahua City attack, and that 300 Germans have mobilized at Nogales, Mexico, reached here today from the interior of Mexico. There is no confirmation of the reports.

LOS ANGELES, March 29.—More than 1000 men today answered the police chief's call for men to form a home guard and it is expected that organization will be made soon.

Teuton War Divers Lurk Off New York Avers Press Story

WASHINGTON, March 29.—The navy today is thoroughly searching the Long Island Sound coast, as a result of rumors that two strange submarines have been seen.

NEW YORK, March 29.—The New York Herald today declared it has obtained authentic information that two German war submarines of a late cruiser type are lying in Long Island sound, apparently awaiting orders for an attack on American coastwise shipping or a bombardment of New York. The submarines, the Herald says, have been seen near Montauk Point. The alleged identification, the story says, could not have been mistaken because the submarines were near the beach.

WESTERN DEPT. DIVIDED INTO THREE DISTRICTS

SAN FRANCISCO, Mar. 29.—Orders have been issued by Major General J. Franklin Bell, dividing the western department of the army into three districts for administrative purposes, it was announced today.

Recruiting continues to gain and as a result the National Guard companies are nearing their required quota, as well as the officers' reserve corps require. Officials are receiving many applications.

As a result of assurances given the students of the University of California that those who are to be graduated in May will not be denied their degrees if they enlist, the university is alive with war talk. The organization of two units for the American ambulance service in France has been announced by the "Friends of France."

NEW WARSHIP SLIP AT N. Y. IS PLANNED

WASHINGTON, Mar. 29.—The immediate construction of an additional slip at the New York navy yard suitable for building of battleships has been authorized, the Navy Department announced today.

U. S. RELIEF WORKERS TO BE DETAINED

WASHINGTON, Mar. 29.—American relief workers ordered by the government to quit Belgium will probably be detained for about two weeks in some German town or towns of their own selection under an agreement made some time ago between Germany and this government.

This agreement was made in order that none of the forty or fifty workers, many of whom have been directly on

The Home Merchant Has, In His Home Newspaper, The Best Trade Builder

Norman R. Williams, prominent retail merchant of Chicago, told the members of the Convention of the Minnesota and North Dakota Retail Jewelry Association at Minneapolis, February 20th:

You have in the local newspaper an advertising medium in your home town far better than any mail order concern has. There is the perfected means for the retailer to distribute information about his goods and store with consistent regularity and at minimum cost. The retailer who is not using his local newspaper for advertising is overlooking the biggest trade building possibility available to him. There is nothing that equals newspaper advertising for the retailer. It makes it possible for him to keep up that eternal pounding away which must be kept up, at an outlay he can meet.

Year Round Advertising Urged

If you are going to advertise your store right you will use the newspapers consistently the whole year through. You can afford to do it. What you can't afford is not to do it, if you are looking for the greatest possible profit from your business.

In comment upon which the National Printer-Journalist says:

Many home business men do not understand or appreciate these facts and must be taught. Newspaper publishers also must have a broader understanding of the possibilities of service and then they must educate the home merchants, or both must perish before the onswEEPing tides of effective advertising and up-to-date business methods of mail order houses.

WARNING GIVEN AMERICANS TO QUIT GERMANY IS RUMORED IN LONDON

Wilson Awaits Developments At Berlin Ere Shaping War Message

HOLLWEG MAY REVEAL FUTURE TEUTON STEPS

Efficacy of Armed Neutrality Creates Strong Impression At Capital

ROME, March 29.—Germany has been asked to send Americans home, according to a report here today. It was reported American Ambassador Page had been instructed from Washington to request transmission of this message to Berlin through the Spanish ambassador here.

LONDON, March 29.—"From Spanish diplomatic sources," the London Evening Star today declared it learns Americans have been warned to leave Germany before April 2.

BERLIN, March 29.—Chancellor Von Bethmann-Hollweg today told the Reichstag that Germany does not want war with America but that if war comes Germany will meet and overcome it. The Chancellor declared that the submarine is recognized as one of Germany's main defensive weapons and held that if the United States goes to war over submarining it will be America's and not Germany's responsibility and the United States will have to bear the burden. He said that Germany had never had the slightest intention of attacking the United States or making war on it and that it does not desire to do so now.

BY ROBERT J. BENDER

(United Press Staff Correspondent)

WASHINGTON, Mar. 29.—President Wilson is withholding judgment on some vital details of his "war message" to Congress pending developments of the next few days. The German imperial chancellor, Von Bethmann-Hollweg, according to reports, is expected to deliver a speech in the Reichstag today which may give an outline of Germany's future course, both as to the conduct of the war and as to the possibility of her making peace.

At the same time, the effectiveness of armed neutrality as illustrated by the safe passage of armed American merchantmen to England has created a rather strong impression here. It is pointed out that not only did the steamers escape attack, but so far there is an absence of the usual Teutonic bombast that the American liners escaped "only by accident."

Throughout the last few days the absence of Berlin criticism and boastfulness against the United States government has been commented upon by officials here. This may result in nothing, or it may wield an important influence in the President determining certain features of his forthcoming address to Congress.

May Appeal to Reason There are some who believe that with the great preparedness movement now under full swing in the United States the President may, while presenting a bristling front to Germany, still hold out an appeal to all nations to talk reason before the United States is forced by "circumstances not of her own choosing" to get into the war.

WASHINGTON, Mar. 29.—Awards to two private ship yards for the construction of an additional batch of submarine chasers have been made by the Navy Department. No figures as to prices or number of chasers ordered were given out.

Further awards will be made following the opening of bids from a number of companies Saturday.

CANNING PLANT PREPARATIONS ARE RUSHED TO LIMIT

Old Building On East First Street Being Prepared For Equipment

LARGE BOILER, STEAM RETORT INSTALLED

Peeling Tables Are On Floor and Are Being Put In Condition For Use

The old cannery building on East First street which will in a few months hum with activities in canning lines and resound with the voices of 200 or 250 women in happy pursuit of wealth necessary at this period of high cost of living, is rapidly assuming condition for housing the equipment to be used by the California Packers Corporation in the canning of Refugee beans and pimientos.

The interior of the big building has been brightened by a coat of white-wash and other improvements made are reclaiming it from a dilapidated and web-covered building.

Supervises Work

J. F. Kitterman, who is to have the superintendency of the cannery, has been supervising the work that has been going on for several weeks, having several men in his employ.

Re-establishment of the plant and its adaptation to the line of operation it is to be devoted to in future has necessitated many alterations. It will be four months before the active can-

Cincinnati Authority Tells How To Dry Up A Corn So It Lifts Out

—You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.—Advertisement.

paign commences, but it will in all probability take that length of time to get the machinery and other equipment in position and ready for operation.

Big Boiler Placed

One carload of equipment has already arrived and most of it is now in place. A ninety-horsepower boiler has been added to the steam plant, giving a total of between 170 and 175 horsepower. A steam retort is on the floor ready for installation.

Peeling tables providing room for 175 women are also on the floor and are now being put in condition for use.

A complete system of conveyers will be installed in the cannery, the produce passing from the receiving room to the canning room on belts.

LITTLE GIRL HAD CROUP

—Every mother knows and fears croup. Mrs. R. M. Raney, R. F. D. 2, Stanford, Ky., writes: "My little girl had been having croup every few nights. I began to give her a few drops of Foley's Honey and Tar Compound every two or three hours, and that night she slept well, never coughed any, and the next day her cold was gone. To all my friends I am saying, 'Get a bottle of Foley's Honey and Tar for la grippe, coughs, colds and croup. A genuine cure.'" Rowley Drug Co.

PRESERVE PEACE IS BRYAN PLEA TO CONGRESS

NEW YORK, March 29.—As one who expects to live up to a citizen's duties if war comes, Wm. Jennings Bryan today wired the following to the United Press:

MIAMI, Fla., March 29.—To the members of the senate and house, Washington, D. C.:

"Exercising the citizen's right of petition, I appeal to you. The dispute with Germany has passed beyond the domain of diplomacy and some advise settlement with the sword.

"The metropolitan press, which tried to prevent the re-election of the president and failed, undismayed by a popular verdict of more than one-half million, now seeks to lash the country into a fury and urges the government to take part in the European conflict.

Rests With Solons

"To you and you only is given constitutional authority to declare war—war, which in this case may mean the signing of the death warrant of thousands, even millions of your countrymen and the laying of grievous burdens upon future generations. Before you take this blood upon your hands, consider, I pray you, first, that the wrongs which you would punish, cruel and unjustifiable as they are, are not intended primarily against this country, but are the acts of desperation directed against other nations with which the offenders are at war.

"Second, that our land is not threatened with invasion, but that we are asked to go three thousand miles for a chance to fight.

"Third, that we have not the excuse for going to war that the European nations had. They had no machinery for peace. We have a peace plan offered by this nation to the world and now embodied in thirty treaties with three-quarters of the population of the globe.

Endorsed By President

"The plan has the endorsement of the President, the commendation of the senate and the approval of the people at the polls. It provides for the arbitration of all disputes by an international tribunal before going to war.

"Fortunately these treaties compel us to employ the plan with Great Britain, France, Italy and Russia before going to war with them. Germany formally approved the plan, although no treaty has yet been concluded with her.

"Shall we repudiate our own plan the first time we have an opportunity to employ it? If, as the President recently declared, the American people do not want war, is it not worth while to try the peace plan before bringing upon the people the horrors of war? Until an attempt is made fails, no one is able to say that it would be impossible to secure the suspension of ruthless submarine warfare during the investigation for which the plan provides. Shall we deny ourselves the credit of trying to settle the dispute with the treaty plan?

Asks Questions

"And is it not worth while to do our part in trying to avoid injury? Would it not be better, as well as cheaper, for the government to carry on its own vessels such Americans as must go to Europe, rather than engage in war to vindicate the right of citizens to disregard all risks and ride upon belligerent ships? Is it not worth while to separate passengers from contraband cargoes so that the captains of passenger ships can give their entire attention to the safety of the passengers? Our nation is the world's foremost advocate of peace. If we go to war it should be for a cause which history will justify.

"If you reach the conclusion that nothing but war will satisfy the nation's honor, is it too much to ask that by a referendum you consult the wishes of those who must, in case of war, defend the nation's honor with their lives?

Pleads For Peace

"As one who expects to live up to a citizen's duties, if war comes, I plead with you to use all honorable means to preserve peace before you take the responsibility of plunging our beloved land into this unprecedented struggle, begun without any sufficient cause and conducted by both sides in utter disregard of the well settled rights of neutrals."

HOLD SECRET PRACTICE

KICK ON WEIGHT KILBANE TRICK

Pugilists Are Not Falling Over Each Other In Efforts to Meet Feather Champ

BY H. C. HAMILTON

(United Press Staff Correspondent) NEW YORK, March 29.—A short time ago Johnny Kilbane came east to fight. He was matched with a young lightweight before a Syracuse, N. Y. club and he agreed to allow this man to enter the ring weighing 133 pounds, but when it came weighing time and the young opponent of the featherweight champion hopped on the scales weighing 137 pounds Kilbane refused to fight.

The crowd went wild when it got this news and a young riot was in progress in a very short time. The club officials waxed indignant. In fact, everyone had a brick and he aimed at Kilbane's head.

A few days later a well-known fight fan came out with the statement that Kilbane had gone wrong in his declaration not to meet a man who weighed almost ten pounds more than himself.

"Any man," he said, "featherweight or no featherweight, who challenges Freddie Welsh for the world's lightweight title and agree to let that champion come into the ring weigh-

ing 135 pounds should not be afraid to meet a comparatively unknown man who weighs 137 pounds."

Now this fight fan may have been at the ringside during the should-have-been Syracuse fight, and he may not. If he was, there was an excuse for his complaint, although it was a lame one. But it is a certainty that he did not take into consideration the fact that this youth may have been a hard hitter, one capable of putting over the sleep wallop on Kilbane's chin. Welsh, as is well known, long ago lost the habit of knocking out his opponents. He never even bruises most of the men he meets.

Whether Kilbane was right or wrong, it is a brass-riveted cinch that he did the best thing to protect what little reputation is left him in a New York ring. Criticism of the kind the fight fan made are the very things which have discounted Kilbane's ability here. Whenever New York gets to the point of accepting Kilbane at his real worth, which is almost his weight in gold, it will see some good fights—something it does not see when Freddie Welsh and some of the other high-priced lads get into action.

SPRING COLDS ARE DANGEROUS Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief; this happy combination of antiseptic balsams clears the head, soothes the irritated membranes and what might have been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone.

MITES FOR AGED PIONEER TO BE SAID FRIDAY

ORANGE, Mar. 29.—Funeral services for Charles H. Frazier, 86, well-known pioneer of this city, who died yesterday at his home on East Walnut and Handy street, will be conducted at 10 o'clock Friday morning, it was today announced.

Mr. Frazier had been ill for two months and his advanced age proved too great a handicap in overcoming an attack of grip which developed at the beginning of his illness. He went into a gradual decline which resulted in his death.

Mr. Frazier, one of the early pioneers of this district, was a successful rancher. He leaves a widow and one daughter, Mrs. Lillian Pierce.

FIGHT ON WISHARD'S MEASURE IS LOOMING

SACRAMENTO, Mar. 29.—Wishard's bill proposing to create the office of jury commissioner in San Francisco and Los Angeles counties, is facing a fight. The State District Attorney's Association is opposing the bill, claiming it to be purely political and an unnecessary expenditure of money.

WANT TO SELL YOUR HOME?

Well, you'd better paint it first. Not only will you find a readier sale for the property that looks nice and bright in its new dress, but you will be able to get a higher price for it. Talk it over with us.

MAY OFFER BALL PARKS TO U. S.

One Asks For Final Papers, and the Other Takes Out His First Papers

BY H. C. HAMILTON
(United Press Staff Correspondent)
NEW YORK, Mar. 29.—National league baseball parks may be thrown open to the government for the training of soldiers. Governor John E. Tener, president of the league, has declared he had no doubt that if the need arises the National league managers will be ready to do anything in their power to help the country wage war to a successful end.

"I don't believe the managers are contemplating just now the possibility of their grounds being needed, but if that need should arise and the government should call, our managers, I am certain, would gladly give their grounds over for purpose of training. It is a matter for individual club owners to decide. They own their grounds. I cannot speak for them, but knowing them and their feelings well, I feel sure that I speak what they themselves would say."

"It is hard for me to believe that the bloody struggle now going on in Europe will be partly transported to this side of the Atlantic, but we have no way of telling what may happen. We undoubtedly need a large army and if it is necessary I believe baseball in general will throw itself in to help."

National league parks are ideally located for such uses and are admirably fitted in most cases. At the polo grounds an entire brigade could be sent through maneuvers without being cramped.

The same is true of Braves Field at Boston, the largest field in the world. Ebbets Field, Brooklyn, is smaller, but already has held a brigade. Armories are located very near Ebbets Field, Braves Field and the polo grounds.

TIRE THIEF FLEES FLOURISHING KNIFE

When Wm. Simmons, of 315 West Seventeenth street, last night attempted to apprehend a Mexican guilty of stealing the extra tire from an automobile standing at the First Baptist church, he ran against an ugly looking knife in the hands of the thief.

Simmons was sitting in the machine of H. H. Reeves when the Mexican came up behind the car and cut the extra tire loose from the holder. Simmons gave chase. He stopped when the knife was shown. While Simmons was standing near the thief a car driven by a Mexican came up. The thief threw the tire into the car, jumped in himself, and got away.

U-BOAT IN PACIFIC SINKS JAP WARSHIP, IS VANCOUVER REPORT

SAN FRANCISCO, Mar. 29.—A Japanese newspaper here today prints a Tokio cabled rumor that a Japanese warship has been sunk in the South Pacific. The rumor is unconfirmed.

VANCOUVER, B. C., March 29.—The sinking of a Japanese warship in the South Pacific ocean by a German submarine was reported today by the Canadian News, a Japanese newspaper published here. The paper declared the report was based on a cablegram from Tokio. No confirmation is obtainable here nor is the source of the report known.

The fact that a German raider of some type has been operating in the South Pacific and Indian oceans has been known for some time.

Recently a warning was issued at Tokio to merchant ships, following official announcement of the sinking of two British vessels.

DOUBLE SURPRISE PARTY SUCCEEDS

Friends of Popular Brother and Sister Join In Giving Pleasant Affair

WESTMINSTER, March 29.—A double surprise party was held at the W. J. Edwards home last Saturday evening to celebrate the birthdays of Ben Edwards and his sister, Miss Sylvia Edwards, whose birthday occurred earlier in the month. Miss Edwards, who has been spending several weeks with her cousin, Mrs. Hazel Fisher, in Anaheim, came home that evening to the party for her brother and was much surprised to find that it was also for herself.

The evening was spent in games with much fun and laughter. Refreshments of delicious cakes, fruit punch and candy were served.

Two beautiful birthday cakes lighted with the proper number of candles, were cut by the honorees, and passed around.

Those enjoying this delightful party were Mr. and Mrs. Nelson Edwards, Roy Edwards, Miss Maybelle Edwards of Orange, Miss Mildred Edwards and Glenn Edwards of Santa Ana, Mr. and Mrs. George Crane, Misses Mary and Sietal Crane, S. J. Crane of Westminster, Mr. and Mrs. Harry Edwards and children Ada and Earl of Hemet, Mr. and Mrs. Phil McIntock and son James, Misses Knoll, Laura Thompson, Marjorie Byram, Sylvia Edwards, Florence Kerr, Lylia Toogood, Fern Byram, Marguerite Wright, Adele Johnston, Messrs. Herman Thompson, W. D. Johnston, Albert Kettler, Eugene Edwards, Ernest Nelson, William Kerr, Irvine Thompson, Wilbur Byram, Ben and Rufus Edwards, Douglass Grandy and Mr. and Mrs. W. J. Edwards, the host and hostess.

Enjoy Lecture
The Christian Endeavor Society visited the Epworth League Sunday evening to enjoy the stereopticon pictures of South America and some of its missionaries and missions carried on by the Methodist denomination, which were explained by Prof. Hosack. He made the statement that if the United States had one Protestant minister or Christian worker in each state there would be as many as South America had, according to its area.

Rev. R. R. Raymond occupied the Methodist pulpit Sunday evening.

Mr. and Mrs. L. E. Rich attended the funeral of George Maganety in Santa Ana Monday.

Mr. and Mrs. Charles Parr and Mr. Parr's father, W. H. Parr, went to Los Angeles Friday. Mrs. Parr visiting her mother, Mrs. George Abbott. W. H. Parr remained for a few days' visit with his friend, H. T. Murrain.

Mr. and Mrs. Henry Pope of Long Beach spent Wednesday with their daughter, Mrs. J. H. Walton.

Annual Election
The annual election of school trustees will be held Friday afternoon, April 6, at the school house. One high school trustee for this district is to be elected.

Charles Parr, whose term expires on the grammar school board, has also made a very satisfactory trustee. Mr. and Mrs. A. C. Hughes of Los Angeles are spending a few days with Mrs. Hughes' brother, J. H. Walton.

INTOXICATED, NEEDED NO OTHER PAIN KILLER

WESTMINSTER, Mar. 30.—About 1:30 Wednesday morning an auto, returning to San Pedro from an Elks' gathering at Santa Ana, driven by Mr. Miller, a prominent Elk, ran into a Mexican without a light who started to drive across the boulevard as they came to the corner, a quarter of a mile west of town. The Mexican was badly cut about the face and sustained a number of bruises. He was taken to Mr. Hagen's drug store, where a physician who was in another auto, took six stitches in a bad cut under one eye. His lip was also cut. He had so much liquor aboard it was not necessary to administer an anaesthetic as he never winced during the sewing-up process. A telephone message to Santa Ana brought out an ambulance, which conveyed him to the County Hospital. The windshield of the auto and two lamps were smashed, the frame of the windshield, fender and bumper bent, and the front axle sprung but not so badly as to prevent travel. The buggy was demolished but the horse was not hurt and was left tied by the roadside till Constable Clark came and took charge of it. Two hats were left in the buggy and it is not known whether both belonged to the one Mexican or whether there was another occupant of the rig accounted for.

SERVE HOT LUNCHES TO SCHOOL CHILDREN

WESTMINSTER, March 29.—An innovation at the school which has long been contemplated by the principal, Prof. Hosack, was commenced Monday morning. Lunches of hot soup, crackers, sandwiches, pie, doughnuts and cookies are furnished for a small charge, by the school, in the basement. The members of the Improvement League will take turns in waiting on tables and washing dishes. The first day twenty were served with lunch, the number increasing to thirty the second day. It is expected that the enterprise will pay for itself and what is left above expenses will go to the Improvement League.

REDUCES H. C. OF L.
WESTMINSTER, Mar. 30.—Mr. Mills, who lives on the Stoves place, lost one of his cows on Monday from eating too much green alfalfa, causing bloat. Mexicans took charge of the carcass and had plenty of fresh meat for a time.

OFFICERS ELECTED BY HAPPY WORKERS

Mrs. Thomas Hosack Chosen President and Mrs. Castleman Secretary

WESTMINSTER, Mar. 29.—The Happy Workers met Wednesday at the home of Mrs. E. S. Reed. Thirty members were present and a very pleasant day spent in conversation and fancy work. Besides this a very pretty comfort was tacked for Mrs. Sarah Everett. A splendid dinner of creamed potatoes, meat, beet salad, baked beans, white and brown bread and butter, coffee and lemon pie was served on trays by the following committee: Mmes. Hare, Reed, Fuller, Ore! Hare, Hosack, H. Larter, R. E. Larter.

In the afternoon the annual election of officers was held and the following officers chosen: President, Mrs. Thomas Hosack; vice president, Mrs. Fuller; treasurer, Mrs. Castleman; secretary, Mrs. W. B. McCoy. It was decided by vote to readjust the committees serving dinner making the number of committees five instead of four.

It was also decided to assume for the coming year the annual payment of \$60 due the board of church erection.

MAKING WESTMINSTER INTO A DRY TOWN

WESTMINSTER, March 29.—The dredger is making laterals south of town to connect with the main canal. It is at present working north on the street which passes through the center of the plaza. This will tend to make Westminster a dry town, and its condition greatly improved.

ANNUAL MEETING OF CHURCH SATURDAY

WESTMINSTER, Mar. 30.—The annual meeting of the congregation of the Presbyterian church will be held Saturday at 2 p. m. at the church. There will be reports of all departments of church work, election of officers and general business. A full attendance of the members and friends is desired.

SPELLING MATCH

WESTMINSTER, Mar. 30.—The result of the spelling match with Ocean View on Friday evening at Wintersburg hall was that Ocean View won in the sixth and seventh grades and Westminster was winner in the eighth grade.

PLAN MAY RESULT GETTING CARETAKER FOR THE CEMETERY

WESTMINSTER, March 29.—The regular annual meeting of the Westminster Cemetery Association will be held at the schoolhouse in Westminster next Tuesday, April 3rd, at 2 p. m. A plan will be presented whereby it is believed a permanent caretaker may be secured. A new board of trustees is to be elected. In the recent death of Jas. R. Swayze this association lost a worthy and efficient president. All persons who own cemetery lots, and all others interested in beautifying the cemetery and in its improvement are invited to be present. This very important meeting will be held in the room where the public elections were held.

LES DARCY MATCHED WITH JEFF SMOTH

BY H. C. HAMILTON

(United Press Staff Correspondent)
NEW YORK, March 29.—Les Darcy and Jeff Smith are going to fight in New Orleans for the world's middleweight championship. The news reached here today in a message from Dominick Tortorich, the New Orleans promoter, who stated he had closed for the match which will be staged May 4. The message neglected to state which one of the boys holds the middleweight championship at present, but it is presumed that the palm has been awarded to Darcy. The match will be billed as a bout for the title despite the fact that Darcy has twice beaten Smith and in addition Smith lost decisions to several others, including Mick King, the Australian beaten by Darcy when he won the Australian middleweight championship. The match appears to be another step in the misdirected career of Darcy in this country. It would have been hard to find an opponent for the Australian less popular in the United States. Mike Gibbons, of course, would be the logical man to meet Darcy for a championship bout, but there are others who probably would make the visiting scrapper move around rather lively.

It is a sudden slump of offers of \$30,000 purses for Darcy to sign for twenty round engagements for much smaller sums. Word received here does not indicate the sum Darcy is to get for boxing but Tortorich isn't like li to make it more than \$10,000.

OHIO TO ALLOW DARCY TO BOX, IS TIP

COLUMBUS, O., Mar. 29.—The tip is here that if Les Darcy wants to box in Ohio, state authorities won't interfere.

By The House of KUPPENHEIMER

HILL & CARDEN
112 West Fourth Street

Governor Whitman of New York branded Darcy a "slacker" and forbade him to appear in New York rings. But "insiders" here say Governor Cox isn't likely to block plans of Matt Hinkel, Cleveland promoter, to stage a Darcy bout either in Cleveland or Cedar Point this year. They point to Cox's stand, taken in his former administration when the boxing proposition came up. Cox went on record then as being unwilling to take on duties and responsibilities of any county sheriff. And Ohio laws make surveillance of boxing the county sher iff's job.

PUBLIC UTILITIES NATURAL MONOPOLIES

The California Supreme Court has recently fixed the power of the California Railroad Commission to forbid competition of public utilities. The decision was rendered in a case arising some years ago from Stockton, where one utility undertook to set itself up in competition with another that was already rendering adequate service. The State Commission ruled against the competition and the court sustained it.

"This is a notable decision, in a way," says the Public Service Magazine, "not that it evolves or enunciates a new principle, but that it fortifies fact and proved experience with the force of judicial opinion. It serves again to remind us that utilities are natural monopolies, able only to render their best service to the public as monopolies. Wherever they compete the public suffers in point of heavier overhead, which is made up in rates."

"FRIEND MICHAEL"

A dispatch from Petrograd says that the Grand Duke Michael, chosen as successor to Czar Nicholas, is cheered by the populace as "Friend Grand Duke! Friend Michael!"

It may sound funny to American ears, but those Russians are perfectly serious about it. The fact is, when they undertake to give fitting expression to their new freedom and equality, there's nothing left for them to do. They would like to hail the Grand Duke as "Citizen Michael," after the manner of the French revolution. But there is no word in the Russian language for "citizen." There have never been any Russian citizens until now.

The great French song, the Marseillaise, has been adopted spontaneously as the song of the Russian revolution; and in the translation, the French word "citoyen" is rendered by the Russian word meaning "friend."

The lack of a word for "citizen" is in itself a tragic commentary on the past political life of Russia. But really, "friend" isn't a bad substitute. There's a certain warmth about it that is missing in our word and the French word. And that personal, affectionate element seems to be in keeping with what we know of the Russian character at its best. If the Russians are going to regard each other, grand dukes and peasants and all, as "friends," the outlook for Russia is bright.

TOO MUCH THAW

Pennsylvania has decided that Harry Thaw is crazy and is determined to shut him up for keeps in an insane asylum. And New York is trying to get him extradited, in order to try him again for a criminal offense. Thus we have another interesting example of the legal game as it's played in America. Thaw is regarded as an irresponsible lunatic in one state and a responsible criminal in another.

And the strangest thing about it is that New York, which has been so long bedeviled by the Thaw money, Thaw morals, Thaw lawyers and Thaw alienists, should insist on messing with the Thaw case again. Doesn't New York know when it's well off? Now that the once irresponsible hero is definitely locked up and another community is standing guard and paying his board bill, why doesn't New York thank heaven and forget him?

NO POLITICS

A candidate for mayor in Indianapolis declares that if elected it shall be his rule to see, so far as he can, that the city does not mix politics with its relations to public service companies. He says he will see that the latter live up to legal requirements and then that they are not molested by politics.

Public Service Magazine thinks that if that were done the country over in city, state and nation, there would be very little to the problem of handling public utilities. Take political interference out of it and that problem pretty nearly solves itself. This mayor will find the utilities heartily helping him, no doubt, if he tries to carry out the program. It is high time for such a thing, from the people's standpoint, first of all.

With Malice Toward None

By Henry James

Democracy
It is difficult to say anything good of such a war as is raging in Europe, and yet if the result of the conflict be the leveling of thrones, the war must be regarded as in some measure a blessing, albeit heavily disguised.

Were the people throughout the world permitted to govern themselves there would be no wars.

While pernicious kings and bogus aristocrats hold all the authority wars are a certainty, and they necessarily will stop over into areas where royalty is not, gumming up the whole works.

Goodbye Nicholas! Next!

Sympathy
A woman recently lost an \$80,000 pearl necklace. I don't know how the news affected most people, but no thrill of sympathy stirred me.

But if a girl going home Saturday night drops her scantily lined purse, why, there is something to worry about.

Literary Vandals
Somebody has clipped the pages of a valuable encyclopedia, the property of a Los Angeles high school. Apparently not content to absorb information, or to copy it, the vandals have to cut it out and carry it away bodily.

The incident is cited as showing that not all pervers and degenerates come from the intellectually defective.

There seems to be a moral idiosyncrasy that quickens rather than impairs the working of the mind.

Les Majeste for Fair
According to the Berlin press, God is to blame for the small bread ration, as he had not supplied the harvest that had been expected.

Peculiar view, this. But when a nation stops producing and enters with all its energies upon the work of destroying, there are bound to be effects.

Here's Patriotism
Certain organizations of women in California have pledged themselves not to use potatoes or onions until the dealers have brought the stuff down out of the skies.

That is an unselfish course. Patriotism has a stronger pull than spuds. However, there are a lot of people who have cut out the vegetables, and without making any pledges. They just had to.

Lavish Spending
When a man who is known to have a modest income, and at the same time to have the reputation of being an immoderate spender, suddenly finds himself dodging policemen, and at last being nabbed, there seems to be surprise.

The real cause for surprise is that he ever thought to follow such a course and get away with it.

Confusing Terms
The United States is said to have libeled a mess of pork and beans contained in 14,400 cans.

Don't see how this could be done. All the United States has said concerning this lot of "pork and beans" is that it is rotten, and as it seems to be so, where's the libel?

The only time when it is safe to unload canned decay is when it is being shipped to an army at a distance. Even then some meticulous people object to the method, but it seems to get by.

Supporting a Baby
The guardian of John Jacob Astor, a lad of four, has filed a report approving of the mother's annual expenditure of \$75,000 for the baby's support.

No particular objection to the expenditure of any or all of the Astor money. But why the bluff that any body could need the amount mentioned?

Mixing Exhibits
Recently there was a large pure food show, and in the windows the suggestion, "Enter your baby for the pure food show."

Why, bless their little hearts! no body eats 'em.

Transition
One day he sat upon a throne.

Next day the throne was upside down.

While he was flocking by his lone, unhappy guy in all the town.

Mutation of Time
Had Caesar been living on the other side now nobody would have asked on what meat he had been feeding.

It would have been taken for granted that he had no meat.

A Texas Wonder
—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2295 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

SPANISH WAR VETS IN L. A. FORM REGIMENT

LOS ANGELES, Mar. 29.—Organization of a regiment of Spanish-American war veterans is under way today, with headquarters opened, and a live committee rounding up men who followed the flag in '98. The work at present is to get 2000 veterans lined up for mustering in should there be need of volunteers.

BEACH GIRLS FIRST WAR BRIDES IN STATE

LONG BEACH, Mar. 29.—The first California war brides of the new militia mobilization are Long Beach girls, who are today the brides of Harold Oliver and Dewey Means, privates of Company H, Seventh regiment.

Mrs. Oliver was formerly Miss Margaret McGinnis, and Mrs. Means was Miss Mabel Hood.

TYPHOID FEVER

"He died of typhoid fever on the 14th of December, 1861."

To be the consort of a queen, to be beloved by her people both high and low, to be the real but unobserved adviser of the affairs of an empire, these are achievements worth while. To be cut off from all them at the prime age of 42 by a wholly preventable disease seems wanton. "The good Prince" Albert, consort of Queen Victoria, patron of the arts and sciences, a skillful administrator and an upright man was sacrificed to a filth disease.

Typhoid fever is found only in man. It is caused by a short rod-shaped microscopic vegetable, which enters the body through the mouth and leaves it in human discharges to enter another human mouth to which it is carried by fingers, flies, fluids and food. It is essentially a disease of young adult life. Older people are less apt to have it probably because they have suffered from an attack of the disease in their youth.

It is essentially a disease of young adult life. Older people are less apt to have it probably because they have suffered from an attack of the disease in their youth.

The Prince-Consort was universally mourned. The grief of the queen was deep and lasting and the whole nation sympathized in the true sense with her in her sorrow. How many other widows of less exalted position mourn also because of the rapacity of typhoid fever?

POUGHKEEPSIE WILL CALL OFF REGATTA IN CASE U. S. ENTERS WAR

NEW YORK, Mar. 29.—The annual regatta at Poughkeepsie will be abandoned in the event of a declaration of war. The announcement was made today by the board of stewards of the Intercollegiate Rowing Association.

ASSEMBLY AND SENATE SOMETIMES DISAGREE

SACRAMENTO, Mar. 29.—Example of how the Assembly and Senate are working together—not. Assembly passes bill to grant fishing licenses to Civil War veterans free of charge. Bill goes to Senate and Senate puts in an amendment to grant licenses also to American Indians free of charge. Bill goes back to Assembly and author of bill, Doran, tears into the Senate amendment.

RICKEY DRIVE TO GET SUBSCRIPTIONS FOR 'CARD' STOCK HALTED

ST. LOUIS, Mar. 29.—Branch Rickey's drive to secure subscriptions to Cardinal stock was halted today by a temporary injunction issued last night in the circuit court which restrains him from acting as a syndicate.

Petition for injunction, filed by Phil Ball, owner of the St. Louis Browns, is returnable next Wednesday. Ball, in his petition, says Rickey is under contract to him as efficiency expert for the 1917 season. Rickey, while admitting this agreement, says he had verbal permission to break it if he could better himself and will introduce witnesses to this permission.

Just what Rickey can and cannot do is much of a mystery today.

WOMEN TODAY DO NOT DRESS, THEY UNDRRESS, DECLARES AUTHORESS

NEW YORK, March 29.—Undressed women in half portion gowns shock the venerable authoress, Amelia E. Barr, she admitted on this, her 87th birthday. Mrs. Barr, who has her home at Richmond Hill, Brooklyn, is the author of more than 75 novels which for more than half a century have been perused by the novel readers of this and other countries.

Mrs. Barr believes Dame Fashion shows poorer taste and less of it today than at any time in the last 75 years. Women of today, Mrs. Barr declares, do not dress, they undress. And their clothes are ugly, too, she says. In addition to that she thinks girls today go in too much for athletics and use too much slang. Slang is the mouth of a woman, she said, is a sure sign she is on the downward path. Golf and tennis are for men only, she believes.

Mrs. Barr is as alert and active as at 40.

GREAT WHITE PLAGUE REAPS HEAVY TOLL IN RANKS OF INDIANS

WASHINGTON, May 29.—The fast thinning ranks of the Indian are seriously threatened with the scourge of tuberculosis, according to the Office of Indian Affairs—official guardian for more than 300,000 members of the red race today.

Prevention of the spread of this dread disease, which is more prevalent among the Indians than any other race, is occupying most of the office's time. Trachoma, an eye disease, is the next most serious affliction among Indians. Uncleanliness and alcohol are blamed. A campaign of education to curb the two evils has been started.

The war is on. Dirt is our adversary. The Sutorium is victorious every time. Call either phone.

STATE RECLAMATION BOARD FIGHT CALMS

SACRAMENTO, Mar. 29.—The attack on the state reclamation board, which was quite brisk at the opening of the legislative session, is today apparently tamed down. Senator Chandler's bill aiming toward a dissolution of the Sacramento-San Joaquin Drainage District, seems now to be on the defensive. The passage of this bill would be a hard blow at the state reclamation board.

MASONIC NOTICE
Members of Santa Ana Lodge No. 241, F. and A. M., and sojourning brethren will meet at Masonic Temple Friday afternoon at 1:15 to conduct the funeral services of Brother James F. Rooney. Services at Smith & Tuthill's parlors at 2 p. m. F. C. ROWLAND, W. M.

ARGENTINA DESIRES PEACE SANS VICTORY BACKS CARRANZA PLAN

BY CHARLES P. STEWART
(United Press Staff Correspondent)
BUENOS AIRES, Mar. 5 (by mail).—General Carranza's proposal that the neutral countries cut off supplies from the belligerent nations, unless the latter make peace terms has many supporters in official circles here.

The officials who favor the Mexican first chief's plan say they do not believe it was dictated to him by the Germans. Even so, however, they declare they want to see peace restored and do not particularly care whether this is accomplished by pro-German, by pro-ally or by entirely neutral influence.

A large South American element objects to an out-and-out victory by either of the European groups. The view is that South America will suffer if either side should gain a complete monopoly of South American trade.

The suggestion that the United States would furnish competition in either case is held to be a distant prospect on the ground that it will take the United States some time to build up an adequate mercantile marine, if she ever does.

MELBA SINGS TONIGHT AT ALLY BENEFIT TO BE GIVEN AT S. F.

SAN FRANCISCO, Mar. 29.—Mme. Melba will sing at a benefit performance to be given in the exposition auditorium here tonight for the benefit of the entente allies, the funds to be devoted to relief work. Local society people, including Mrs. Francis Carolan of the Belgian relief society, are taking an active interest in the affair. Since the war broke out Mme. Melba has been appearing in benefit performances in various parts of the world, having spent considerable time in Australia. It is her first concert appearance in San Francisco for a considerable time.

There has been a remarkable demand for the seats for the concert, many of which were sold at auction. Melba herself buying the first ticket offered and paying \$500 for it.

'CHICK' EVANS PLANS TO QUIT TOURNAMENT PLAY AT SUMMER END

SAN FRANCISCO, Mar. 29.—"Chick" Evans, premier golfer of the United States, is going to retire from tournament play at the end of the coming summer.

This announcement was made by the American open and amateur champion to friends just before his departure for the East, it was learned today. He declared he could no longer afford to continue tournament play and has decided to devote his attention more seriously to a stock and bond business in Chicago in which he is interested.

PARLIAMENT BAR TO CLOSE WHEN PUBS DO

LONDON, Mar. 29.—Parliament, after long and solemn deliberation, has decided that the bar in connection with the House shall close at the same hours that public bars close. The result is expected to be some inconvenience, causing certain members to take a drink before making a speech, instead of after as has been their custom.

SEEKING AMENDMENT TO CAL. SCHOOL LAW

SACRAMENTO, Mar. 29.—Assemblyman C. W. Greene of San Luis Obispo has proposed an amendment to the school law requiring that in the elementary schools instruction must be given in the history of the constitution

of the United States and the history of the reasons for the adoption of each of its provisions. Greene's bill for the extermination of ground squirrels has received favorable recommendation and probably will be enacted.

PERSONALS

FAREWELL AND WELCOME

First Christian Church People
Speed Parting and Greet
the Coming Pastor

A joint reception for two pastors was given last evening at the Christian church, which meant a farewell for Rev. Paul E. Wright and family, who are going to a field of work in San Bernardino, and a warm welcome to Rev. Lloyd Darsie and wife of Hollywood, who will succeed Rev. Wright in the Santa Ana church.

Too much cannot be said of the retiring pastor and his faithful ministry here for the past six years. His words of comfort and good cheer will long be remembered and many prayers for him will rise from Santa Ana homes and only good wishes for the family will follow them as they are wished goodspeed.

The Sunday school room and balcony were filled to overflowing and a fine musical program was given, consisting of two numbers by the Baraca quartet and two numbers by the church choir, which is composed of twelve young men under the direction of Prof. Scholes.

Prof. Scholes rendered a pleasing solo, and graciously responded to an encore. Three readings were excellently given by Miss Winifred Roberts and a beautiful piano solo by little Miss Elizabeth Wright closed the musical part of the program.

H. C. Head, who is a member of the church board, presented Mr. Wright with a handsome gold watch, with chain and charm from his many friends outside of the church, as a token of love and esteem.

The genial pastor, who is ever ready on all occasions, responded with a very touching tribute to the people.

Prof. W. C. Roberts then introduced the new pastor, Rev. Lloyd Darsie, who gave a very appropriate address and the evening closed with the concert singing of "Bless Be the Tie That Binds."

An hour of social converse and hand-shaking followed, while delicious cake and coffee were served.

Missionaries Visiting Here

A party of missionaries composed of Mrs. E. P. Burt, Miss Mary Johnson and Miss Mary Knapp are visiting at the home of Mrs. R. W. Lamkin and will speak tomorrow at the Federal missionary meeting at the First Baptist church and Sunday morning at the Immanuel Baptist church.

They sail from San Francisco April 12 on the steamer Tenyo Maru.

Miss Knapp has been blind since she was two years old and is an accomplished young lady, a graduate of Wellesley College and last year a student in Columbia University.

To Honor Relatives

A pleasant family dinner party was given on Tuesday by Mr. and Mrs. E. B. Covington of South Broadway, their guests including Mrs. Covington's mother and aunt, Mrs. J. M. Bird and Miss Pringle and her uncle, V. P. Pringle, from Arkansas, who is a visitor here.

Choice pink roses decorated the dinner table and following the pleasant reunion dinner, Mr. and Mrs. Covington showed Mr. Pringle the beauties of Orange county, on a delightful motoring trip.

DAYLIGHT DREAMS

In the brilliant scenes of past-time—
While th' country then was new—
We had spelling schools at night time.

Our studies to review;
And hushing bees in daytime,
To hurry cribbing through.
Such happy folk we've seldom seen—

In later days, you know—
When sleighs and sleds would then career
In banks of deep white snow.
The girls were clothed in dresses neat.

Of linsey-woolsey red;
Sufficient length to hide their feet.
Was all Dame Fashion said.
No sanitary laws they had,
To make them wear them short.

The styles that were, were not so bad,
No, nothing of the sort.
Good wives and mothers they would make,
And families large would rear.

We seldom knew them to forsake
Their homes or husbands dear.
Along came evolution's throes,
Thus changing things around;

Not as the fern or lily grows,
Which beautifies the ground.
Results produced in families here.
Show issues one or two.

Some live together for a year,
Then pine for something new.
Yes, give us back those good old days,
With households more complete.

Where prattling tongues and childish ways,
Within the circle meet.
—M. D. Chamberlin.

DAY NURSERY COFFEE

Mrs. W. E. Winslow Changes
Name of Function But
Object Is the Same

Mrs. W. E. Winslow varied the functions which have been given recently for the benefit of the Day Nursery and called her afternoon yesterday a Day Nursery "Coffee."

Her hospitable home was decorated with beautiful pink and white sweet peas in combination with the tiny forget-me-nots.

The diversion for the afternoon was auction bridge and the trophies went to Mrs. Addie Collins and Mrs. J. I. Clark.

The guests included Mmes. J. I. Clark, Addie Collins, Charles Kelley, C. D. Holmes, Frank Remsburg, W. A. Huff, J. B. Roberts, Granville Spurgeon and C. V. Davis.

—O—
Ebels Meets Saturday
The regular March meeting of the Ebels Society will begin at 1 o'clock on Saturday with a luncheon in the new dining room at Elks hall.

Some of the district officers will be present to make after-dinner talks. Admission will be by ticket.

After the luncheon the primary election of officers will take place.

Officers who are not eligible for re-election are: Mrs. C. F. Crose, the president; Mrs. W. L. Grubb, vice-president; Mrs. W. B. Tedford, second vice-president, and the ex-officio, Mrs. J. E. Gowen. Four new directors are to be chosen to replace Mrs. E. M. Nealley, Mrs. C. A. Gustlin, Mrs. A. J. Crookshank and Mrs. W. W. Anderson.

Members are requested to take their year books to this meeting.

In Niece's Honor

Miss Nellie O'Brien, who has been enjoying a visit from her niece, Mrs. G. S. Burtis, entertained in her honor a few friends at dinner at the Cherry Blossom yesterday.

This closed the happy visit of Mrs. Burtis and little sons Lawrence and Guy in Santa Ana and Tustin. They left later in the day for their home in Chicago, going via San Francisco.

They were delighted with Southern California.

BULLOCK-THOMAS

Pretty Wedding Solemnized
At 8:30 Yesterday Even-
ing at Bride's Home

The ranch home of Mr. and Mrs. Frank M. Thomas on McClay street was the scene of a pretty wedding at 8:30 last evening, when their daughter, Miss Beulah, became the bride of Harold T. Bullock, son of Mr. and Mrs. J. M. Bullock of South Birch street. About thirty relatives and friends witnessed the marriage.

The home had been transformed by loving hands into a perfect bower of bridal wreath and greenery, the bridal party standing just inside two gates covered with ferns and studded with the tiny bridal wreath blossoms. The gates were set slightly ajar, making a very pretty effect in the arrangement. Masses of bridal wreath were arranged about the rooms.

Proceeding the impressive ceremony, which was performed by Rev. J. A. Stevenson, Miss Gladys Thomas, sister of the bride, sweetly sang "Because," with violin obligato by Miss Ruth Richards and the young ladies played Lohengrin's wedding march as the bridal party entered.

The bride made a beautiful picture, wearing a lovely gown of white crepe de chine and taffeta with pearl trimmings. She carried a shower of dainty blue-eyed forget-me-nots, orange blossoms and maiden hair ferns. Lovely little Juanita Cannon, clad in crisp white, carried the golden circlet on a silver tray.

The matron of honor, Mrs. Clyde Deardorf, wore blue taffeta and the bridesmaid, Miss Alma Plavan, was groomed in taffeta gold of ophi, both attendants carrying arm bouquets of bride roses, forget-me-nots and maiden hair.

Miss Ruth Richards captured the bride's beautiful bouquet when she tossed it away.

The groom was attended by Clyde Deardorf and C. K. Wallace. Following the hearty congratulations showered upon the happy young couple, the array of elegant gifts were inspected and an elaborate wedding collation was served on individual trays.

Mr. and Mrs. Bullock slipped away for an unknown destination for their honeymoon trip and upon their return will reside upon the groom's ranch at Talbert. The bride's going away dress was a blue tulle with champagne trimmings and hat to match.

The bride is one of the popular members of the younger set, and is a graduate of the Santa Ana high school. Their many friends will wish them well in their new life.

—O—
Pleasant Dinner Party
Tuesday evening, Mr. and Mrs. Ma-chandler gave a pleasant dinner for twelve of their friends. The pretty decorations for the table and rooms were ferns, sweet peas and freesias.

The time was spent very pleasantly with music, it. O. Moyer singing, accompanied by Mrs. Sturdevant. Those present were Mr. and Mrs. Ma-chandler, Ernest and Nelda Ma-chandler, Mr. and Mrs. Warren Henry, Eugene and Alpha Henry, all of Santa Ana; Mrs. W. A. Sturdevant of New Haven, Conn.; Paul Buchheim of San Juan Capistrano; Reuben Moyer of Hemet and R. O. Moyer of Niles.

—O—
Has Seen Enough "Beautiful"
Mrs. Ella Wilson, who has been spending the winter in the East, writes from Northfield, Minn., that she has seen enough of the "beautiful" for one winter and is now on her way home, stopping en route at three places.

Mrs. Wilson sends clippings, which tell of the terrific snow storms during the winter and says, "father's snow shovel is completely worn out."

—O—
Pleasant Social Meeting
The Amphibian Circle of the Congregational Church held a very pleasant social meeting last night at the home of Mrs. F. P. Nickey on Bush street.

The time was happily passed with progressive games, the prize going to Mrs. F. C. Rowland.

Refreshments of tamales, coffee, fancy cookies and sugared walnuts were served, the decorations being red and yellow roses.

—O—
"Hiawatha" to Be Given Friday
Keen interest is being shown in the activities of the City Federation P. T. A. in presenting the melodrama of "Hiawatha" in the Intermediate school Friday evening, March 30, at 8 p. m., the proceeds of which go to carry on their estimable work.

This being their first call for financial help to the people of Santa Ana, it is the hope of the committees in charge that they will have a generous support.

The ways and means committee, composed of Mmes. W. A. Patterson, W. W. Simon, C. F. Millen, J. R.

—The loveliest blouses are being shown
for Easter.

—Of sheer Georgette Crepe, in the plain-
er styles or fancy, at \$5.00 to \$8.50.

Dozens of other styles also shown for
Spring.

News o' the Day From City
and County Tersely Told

William Chandler, associated
with the store for the past seven
years, has purchased the J. H.
Eggers clothing concern at Or-
ange. Eggers will devote his en-
tire attention to his ranch prop-
erty.

P. J. Fitzgerald of Los Angeles
has purchased the Moody Lytle
grocery store at Anaheim. As a
boy, in 1903, Moody worked for
Fitzgerald.

The John A. McFadden Hard-
ware Company of Santa Ana was
one of the bidders on a sprinkling
system to be installed at the Ful-
lerton city park. The city council
of Fullerton also opened bids for
a road grader.

Ten acres of oranges on Placen-
tia avenue, south of the Anaheim
Union Water Company's main
canal, Anaheim, has been pur-
chased by E. Grant White, well-
known former attorney of Chicago.

Following a three months' visit
with Mr. and Mrs. John Kirsch at
Katella, Mr. and Mrs. J. W.
Heinz of Prescott, Wisconsin, have
decided that they will dispose of
their interests in Wisconsin and
return to Anaheim in September.
Mr. and Mrs. Kirsch are the par-

ents of Mrs. Heinz, who, with her
husband and three children, have
been visiting at Katella.

On Monday evening, beginning
at 7:30, there will be held the reg-
ular meeting of the Orange County
Country Club. The meeting will
be held at the club house and di-
rectors will be elected.

The Anaheim aerie of Eagles is
making determined efforts to bring
the 1918 state convention of the
order to the Mother Colony.

In the Superior Court in Los
Angeles, Reoci Kennedy told the
judge that his wife had left home
with the declaration that Anaheim
was not gay enough for her. Ken-
nedy added that she went to Los
Angeles and obtained employment
and associated with a motion
picture actor. Kennedy obtained
a decree on the ground of deser-
tion.

Because she feels that as presi-
dent of the Olive Parent-Teacher
Association she should not take
an active part in a campaign,
Mrs. C. G. Wolfe of Olive has an-
nounced that she has withdrawn
from the campaign committee
appointed at the mass meeting to
conduct the campaign of C. A.
Palmer for school trustee.

Personals

Mr. and Mrs. W. J. Julian and two
children of Cypress avenue left to-
day for Pine Bluff, Ark., to visit Mr.
Julian's father. They will be absent
at least six months, visiting other
points.

W. H. Calhoun left today for Port-
land, Ore., to visit his son, expecting
to be gone about a month.

T. P. Kingery has returned from a
trip to Bakersfield with a party of
eastern friends.

C. W. Higgins left yesterday for
Fort Thomas, Ariz., hoping to benefit
his health. He expects to be absent
a month.

Mrs. William Lanning, of Bridgeport,
N. J., is here visiting with Mrs. Clyde
Lanning.

Mrs. M. A. Workman is here from
Loveland, Colo., for a visit at the
home of her son, P. H. Workman. She
is accompanied by her daughter, Miss
Bessie Workman.

Willis Six has returned from Mur-
ietta Hot Springs, where he has been
sojourning for the past month.

Rev. and Mrs. Paul E. Wright and
family left today for their new home
in San Bernardino. Rev. Darsie,
the new pastor, and family have taken
a house at 929 French street, known as
the "ministerial home," as so many
preachers have lived there.

Mrs. W. L. James and daughter,
Miss Lela, of 510 East Sixth street,
left this morning on the steamer Pres-
ident for San Francisco and Berkeley
for a ten days' visit.

Mr. and Mrs. Willard I. Cain are
nicely located in their lovely new
home, 905 South Sycamore street.

Mrs. C. M. Boyer and Mrs. Adam
Zaiser of Tustin passed the day in Los
Angeles.

Mr. Phillips was a morning passen-
ger to Los Angeles.

Dr. J. B. Winter travelled to Los An-
geles over the P. E. this morning.

Mr. and Mrs. Carey R. Smith paid a
visit to the Angel City today.

D. A. Griffin, wife and daughter of
1012 Sprague street, left today for
Boston, Mass., via Pacific S. S. Co.
Seattle, C. M. & St. P. Ry. to Chicago,
thence to Boston. They stop over at
Ellendale, N. D., for a few days. They
have been visiting with Mr. and Mrs.
Holmes Bishop. Mr. and Mrs. Griffin
are Mrs. Bishop's parents.

Mr. and Mrs. D. A. McCarty of San
Juan Capistrano, left for Dexter,
Ohio, today. They have been visiting
with the former's brother, J. H. Mc-
Carty, Santa Fe agent at the mission
town.

E. E. Frick of 316 East Fifth street
left today for Topeka, Kansas.

Rev. H. E. Hoare, who has been in
Santa Barbara conducting Bible school
classes this week, returned home to-
day.

Mr. and Mrs. Frank True of Chino
are guests of Mr. and Mrs. O. M. Rob-
bins at 930 Lacy street.

YOU NEED A SPRING LAXATIVE.
Dr. King's New Life Pills will remove
the accumulated wastes of winter from
your intestines, the burden of the blood.
Get that sluggish spring fever feeling out
of your system, brighten your eye, clear
your complexion. Get that vim and snap
of good purified, healthy blood. Dr.
King's New Life Pills are a non-griping
laxative that aids nature's process. Try
them tonight. At all druggists, 25c.

THE WEATHER

Cloudy tonight and Friday. Light
westerly winds.

Mar. 28—Maximum 80, minimum 52.

Dora Bruke, 28, Los Angeles.

Dean J. Ford, 22, and Bertha M. Hern,
23, both of Los Angeles.

William W. Wood, 22, Tustin, Lotus
M. Cliver, 17, Santa Ana.

David L. Rodriguez, 33, Calexico, and
Martha F. Henry, 18, of Los An-
geles.

BOY IS HURT WHEN
BUGGY IS SMASHED
IN AN AUTO CRASH

The 12-year-old son of William
Whitehead of Irvine was severely in-
jured last night when a buggy in
which the boy and his father were rid-
ing was struck by an automobile driv-
en by Paul Immerhuck of Los An-
geles. The Los Angeles man was mak-
ing the turn on the state highway at
Irvine, and says that he was looking
for a road sign. The automobile went
on of the pavement to the left side of
the road and struck Whitehead's bug-
gy, which was approaching on White-
head's side of the road. The buggy
was entirely off the pavement.

The injured boy was unconscious for
two hours. Today his condition was
much improved.

Under Sheriff Inman was called to
the scene of the wreck.

Crepe De Chine Dresses

One of the most charming of charming dresses on our second floor is this new Crepe de Chine (as shown in the accompanying illustration). Trimmed in Italian silk stripes in the leading colors, such as old rose and chartreuse, these dresses present a formidable display.

We would like you to see them.

Prices are \$19.50 to \$25.00.

Crepe Chemise Dresses

The Crepe Chemise Dresses designate the different styles. They come in apple green, manjetia, chartreuse and old rose.

The prices are only \$9.50 to \$16.50.

New Line House Dresses

First of all, these new house dresses are great values for the money. The materials are gingham, percales and chambray. Styles are the very latest. They are one-piece dresses, loose or close fitting.

Prices are \$1.50 to \$3.75.

One Dollar Waists

Then we have another fine lot of our popular \$1.00 waists in white, stripes and plaids. If you've never worn one of these \$1.00 waists, we urge you to do so.

IN THE JUSTICE COURT

FORMER AGENT IS HUNTED IN FORGERY CASE

Auto Club Says Man Who Got Santa Ana Firm's Money Was Fired By It

Today a warrant was issued for the arrest of Carl S. Meacham, accused of forgery. Last December Meacham came to Santa Ana, and, according to the B. & B. Ignition Work, represented himself to be an agent for the Auto Club of America. He said he was establishing stations for that club, and was giving out its literature.

The B. & B. firm gave him a check for \$15 in payment of its fees in the auto club. The check was made out to the Auto Club of America. It was cashed at the California National Bank, where Meacham signed the name of the club.

The expected literature and some other benefits from the club did not arrive. Finally it was learned from J. Monroe Flowers of Los Angeles, president of the club, that Meacham did not represent the club. Flowers said that Meacham was fired as a representative of the auto club about a month before he came to Santa Ana. Flowers says the auto club never got the money secured by Meacham.

His Trial Is Set

Walter Alderson of Long Beach is to appear before Judge Cox on April 3 on a charge of careless driving. He is accused of crowding a machine off the Seal Beach boulevard.

The preliminary hearing of Pablo Mosqueda, charged with beating his wife with a deadly weapon, which weapon was a little brown jug, was set for April 13.

JAPS EYE TSINGTAU FOR CONCESSIONS

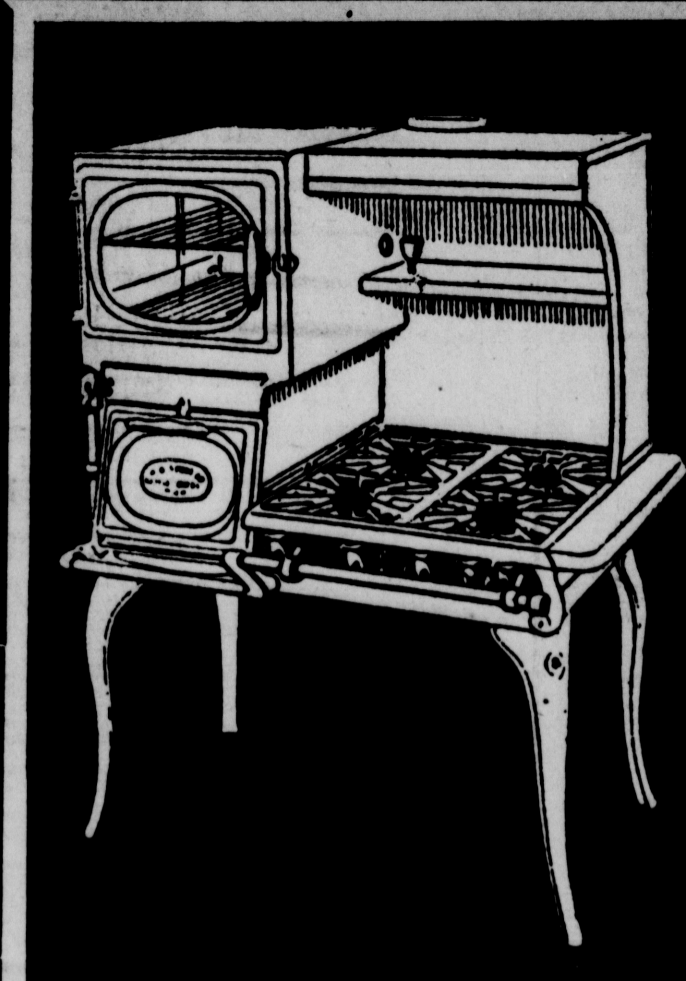

TOKIO, Mar. 5 (by mail).—Much conjecture is being made here today as to how much Japan will add to her already large interests in China as a result of the war, but Baron Hayashi, Japanese minister to Peking, here to confer with his government, does not hesitate to make it plain that Japan is preparing to ask China for a large concession at Tsingtau, the colony seized from Germany.

"Japan can dispose of the Shanghai railway without waiting for the peace conference, and it is absurd to doubt that this railway line will not come under Japanese influence," Baron Hayashi told the newspaper men.

"Japan will also ask China to agree to the establishment of a Japanese concession at Tsingtau," he continued. "But whether other foreign countries will be permitted to establish settlements at Tsingtau, as in other Chinese ports, is a question which I cannot discuss now."

NUMBERS ON SLEEVES FOR SOX AND DODGERS

MEMPHIS, Tenn., Mar. 29.—The Red Sox and the Dodgers wore numbers on their sleeves for the purposes of identification in their game here. The system probably will be continued through the tour of the team.

Every Housewife Should See This Beauty In Our Window

The white enamel A-B Gas Range on display in our window and another, finished in battleship gray, standing alongside it, are two of the most beautiful stoves we have ever seen.

We don't believe there is a housewife in or near Santa Ana who, for the sake of interest at least, could afford not to see these two pieces of modern Gas Range construction.

A patented feature of the A-B Gas Range is the glass door, which enables you to see your baking all the time. This does away with the necessity of opening the door every so often, thus avoiding heat waste and that awful disappointment of having your baking fall by jarring the door.

This is only one of the things which make the A-B Gas Range the finest in all the world.

Come see it.

Santa Ana Furniture Co.

Main and Second--Across City Hall

Scratch the lining of this A-B Range with a knife—deep—and to your surprise you find aluminum. The surface cannot rust. Cannot peel, cannot flake off.

The A-B oven lining is an aluminum alloy, fused into the sheet itself.

AT THE COURTHOUSE

NO AUTHORITY FOR THE NOTE

New Suit Against Laundry to Be Brought By J. D. Hunton On Note for \$500

This morning a non-suit was granted in the action of J. D. Hunton against the People's New Laundry. Hunton sued for \$500 and interest on a note that he alleged was given to him by the board of directors of the laundry. The defense was that no legal meeting of the directors was held at which authority for the note was given. This morning it appeared that Hunton while secretary called the special meeting verbally. The by-laws are silent as to how special meetings shall be called, and in that case the state law rules, which law states that the call must be in writing.

Hunton will now proceed with an action based not on the note but upon value received. W. F. Heathman is attorney for Hunton and Scarborough & Forgy appeared for H. G. Holt, an intervenor.

For Citizenship

Henry Zutt, a missionary, of Anaheim, has petitioned for final letters of citizenship. He was born in Wetzlar, Germany, in 1871, and came to America in 1874. C. A. Winters and L. E. Brant, both of Orange, are his witnesses.

Gustav Schreiner, 37, a waiter, of Seal Beach, has taken out his first papers. He was born in Sheedon Quail, Holland, and came to America in 1913.

Recorder's Office

A declaration of homestead has been recorded by Mary S. Kantz on lots in Newport Mesa tract; value, \$5000.

A bill of sale is recorded showing the transfer of the City Garage at Huntington Beach from Walter Waite to Mrs. Maude H. Wright.

A notice of sale is recorded for the transfer of a grocery store at Anaheim from Moody S. Lytle to P. G. Fitzgerald.

Found Not Guilty

George W. Williams and Louise Schultz were found not guilty of a charge of contributing to the delinquency of a minor child. Trial was by jury. Williams' divorce action is on trial today.

L. A. THUGS BEAT MAN WITH HAMMER, ROB HIM OF \$600 VALUABLES

LOS ANGELES, Mar. 29.—William H. Bull is in a critical condition at a local hospital as a result of an attack made upon him by two robbers last night. The men awaited Bull's return to his garage, and after beating him senseless with a hammer, took a \$300 diamond ring and \$300 in cash and checks.

OFFICIALS SILENT AS TO FINDING OF WHAT SEEMS BIG GUN BASE

LOS ANGELES, Mar. 29.—Department of Justice officials refuse today to comment upon the discovery of what appears to be a concrete gun foundation on a height overlooking the city. It is understood, though, that an investigation is being made as to the motive for the construction. The structure was built as the foundation for a residence, but only a small cottage was built over it.

3 DIVISIONS ON COAST, WAR PLAN

LOS ANGELES, Mar. 29.—Formation of other militia units in the south in addition to the strengthening of existing organizations may be a result of the division of the Pacific Coast into three military divisions, according to local national guard officers. Until Colonel Wilbur E. Wilder arrives from the border to take command of this district, all Southern California work will be largely devoted to bringing all units up to a war strength, for mustering into Federal service.

A traveling recruiting station is the latest idea here for getting men into the National Guard. An office has been arranged in a huge auto truck, and this, with a caisson and field-piece attached to it, and an officer and several militiamen assigned to it, is traversing the streets in search of "rookies."

As a result of the recruiting activity of the past few days, the Seventh Regiment is today over 700 strong. The full war strength of 1914 is, however, the goal of the officers, and in this they are receiving much assistance.

Programs by life and drum corps from the Soldiers' Home, patriotic speeches, etc., stirred the crowds at the recruiting stations. In addition, militia members and business men are working to secure the co-operation of all business houses, and are asking them not only to reserve places for any of their employees who may be called out, but if possible, to pay the difference between their present salaries, and their Federal pay. The city council has agreed to pay this differential to city employees who may be called out.

BURGLAR LOOTS HOME OF GEMS

A fast burglar went through the home of Mrs. John Beatty at 910 French street at noon yesterday and walked off with a number of pieces of jewelry belonging to Miss Bees G. Campbell and Miss Edna Brown, school teachers who are stopping at the Beatty home. There is no clew to the thief.

Mrs. Beatty went to the home of Mrs. George S. Smith yesterday for luncheon. The Smith residence is next door. She left home a little after 12 o'clock. Fifteen or twenty minutes before 1 o'clock one of the teachers entered the house for a minute. She found the door key in the usual hiding place. When Mrs. Beatty returned at 1 o'clock she found the key in the door. Thinking that perhaps some fob, combination pendant, clasp and watch holder on delicate chain set with two dozen small pearls and one white sapphire, one small brooch, curved shape, with leaves on both sides and small pearls entire length of pin, and \$1 in cash.

Miss Brown's loss consisted of one gold hunting case Hampden watch. City Marshal Jernigan and Officer Sid Smithwick investigated.

SPAIN UNDER MARTIAL LAW

LONDON, March 29.—The Spanish cabinet has decided to suspend all constitutional guarantees, according to wireless advices received here today. The act means institution of martial law throughout Spain. Labor union headquarters have also been closed, the Madrid advices say.

Spain has been menaced with a nationwide strike of all laborers during the past few weeks. Due to it is understood, to complaint of the workers that food prices were out of all reason. Presumably the situation has become sufficiently serious for drastic measures.

Extra Special

For a change we are going to give you an Extra Special outside of White Goods. For tomorrow (Friday) we offer

3000 yards Genuine Devonshire Cloth, at .19c

Sold for 25c everywhere and positively a sun and tub proof cloth. Mothers, buy what you will want for summer wants.

Green Tag White Sale in full blast. We want every lady to visit our new ready-to-wear department on our balcony. Coats, Skirts, Dresses, Waists and Middles. We save you money.

Taylor's Cash Store

Opera House Block, Santa Ana.

A Lost Opportunity

"You did not appear to recognize him, but the gentleman who sat beside you on the street car just now was the Hon. Bray Lowder."

"Why the deuce didn't you tell me?" snarled J. Fuller Gloom. "I would have stamped on his nose."

ROADS TO BE OPENED

SACRAMENTO, Mar. 29.—State Road Engineer Rice today announced that the complete system of California mountain roads would be open by June. He has arranged to sprinkle sand to make the snow melt quicker in big drifts.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, MARCH 29, 1917.

County Road Expert Proposal Brings On Hot C. of C. Debate

Annual Meeting of County Organization Opens With Splendid Flag Tribute and Patriotic Appeal to Support Company L in Present Grave Crisis

Whereas, Orange county justly prides itself in its extensive mileage of improved roads, which we hope to see added to from year to year; and

Whereas, the nature of their construction and maintenance is such that a more experienced and scientific supervision is required than was necessary on dirt roads prior to the introduction of oil treatment and the advent of the motor traffic; and

Whereas, we believe that a large saving, and a consequent reduction in taxation, could be brought if the present methods were discontinued and more modern ones adopted; therefore, be it

Resolved, that we endorse any steps tending to the establishment of a road department headed by competent engineers or road builders appointed by the Board of Supervisors, and the handling of all road work of the county by such department.

Opened with a splendid tribute to the flag and an appeal to the patriotism of the people of this county to rally to the support of that flag by becoming members of Company L and supporting the government in this grave hour, the meeting of the Associated Chambers of Commerce last night ended with a more or less heated discussion of the proposed plan of placing the roads of the county under the supervision of expert road men. The debate was precipitated by the resolution at the head of this column, offered by J. P. Greeley of Balboa. The opposition to the plan developed considerable strength and the matter was disposed of by referring it to a committee to investigate and report at a special meeting of the organization to be held in the city council chambers at the city hall in this city Thursday evening of next week. The motion placing the question in the hands of a committee called for the appointment of five men, two favoring it and two opposed, with the fifth member neutral. J. A. Knapp of Garden Grove and L. H. Wallace of Newport Beach, were appointed from the opposition, J. A. McFadden of Santa Ana and J. P. Greeley of Balboa as representatives of the advocates, and Dr. J. D. Thomas of Olive as the neutral member.

The discussion brought out the fact that with all the public and private discussion of placing the roads in the hands of an expert road builder or engineer, no definite plan of operation under a county road department had been formulated and that there had been no approximate estimate of the

expense of maintaining such a department.

Col. S. H. Finley had made an estimate of the overhead expense of maintaining the roads under the present system. From figures ascertained by investigation of road expense records of the past year, Finley gave the overhead expense for the year at approximately \$15,000. He believed that possibly expert supervision could be had at about the same cost.

Wallace Gives Estimate

L. H. Wallace, basing an estimate on the probable requirements of a road department, said it would cost the county \$12,000 above the estimate given by Col. Finley, as the items of expense covered in Finley's estimate would not be eliminated by the institution of the department, making a total charge for overhead expenses under the department of \$27,000, as against \$15,000 under the present system of supervision by the supervisors.

Supervisor T. B. Talbot was the first speaker for Greeley's motion, that the resolution be adopted. He thought that care should be exercised in creating a department where there would be continued additional expense, and that a definite plan of operation should be outlined before any definite action was taken.

J. P. Greeley said that the advocates of the change in the system of handling the roads had no set plan. He believed that a competent engineer or road man could be employed for \$200 per month. By placing the entire system in the hands of a department, road funds of the county could be used to better advantage, and that the excuse for bad roads in different road districts, that there was no money in the district fund to make needed improvements, would not prevail under such a system. Funds from the richer districts could be applied in the poorer districts, the latter being districts where the assessed valuation is not sufficient to raise the amount of money needed to keep up the roads.

Defends Present System

Supervisor Leck defended the present system. "We claim that we now have some of the best practical road men in the road service of the county that are to be had anywhere. In going to a department head, we might be able to secure a good engineer, but a poor road man, or a good road man and a poor engineer. The man with both qualifications would be hard to find and a man with such qualifications would demand a high salary. Mayor Blaggs of Seal Beach thought that the roads should be taken out of politics. "If the proposed change would take road building out of politics, or if it would eliminate sectional or factional jealousies, we could do no better than to support such a plan. The further we take our roads from the realm of politics the better off we will be."

He suggested that the matter was of such importance as to demand earnest and serious investigation and suggested that it be referred to a committee to investigate.

Leck: "I don't know what politics has to do with roads. I am a Democrat and I am satisfied with the way Republicans in my district have treated me. I have road foremen whose politics I do not know—I never ask them their party affiliations. If politics controlled the roads, I would be shut out. I am a man without a party."

Long on "Figurin"

Lew H. Wallace, who is long on "figurin," presented his estimate of the probable additional cost of the department work over the present method. In his estimate he placed the salary of a road engineer at \$3000 per year, two assistants at \$1500 each, bookkeeper and stenographer at \$1200, office rent at \$350, expense of operating three automobiles at \$2700, telephone of machines at \$300, which, plus \$180, incidentals \$300, which would make a total of \$12,000 per annum. The present expense of road repairs and new roads would not be eliminated.

"I can't see where there would be any economy," said Wallace. "I can see a possibility of getting better roads. I can see a possibility of getting more efficient service. I can see a possibility of economy by employees on road work putting in a full 8-hour day."

"I noticed that in the building of the county roads, that members of the surveying force and other workmen working out of this city, that they reported at the court house at 8 o'clock and from there went to their work. When the work was first started they were conveyed to their work by horse and wagon. It sometimes took them two hours to reach the job they were working on. They had to quit two hours earlier in the afternoon in order to get back to the court house at 5 o'clock. In all they put in four hours work in the day. I believe the employees should be at the job ready to go to work at the proper hour."

Finley Called Upon

Supervisor S. H. Finley, who is generally referred to as the man responsible for the movement to place the

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

THE CREAM OF THE COW should be diverted as only we know how. Cheese of perfect purity. Butter that caps the climax of creamery perfection. Eggs from selected stock—always fresh and so guaranteed. Milk and cream that give the lie to adulteration by their very richness.

EXCELSIOR DAIRY
First and Main. Sunset 237.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says "We can't help but look better and feel better after an inside bath."

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, purify and freshen the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

tribute to the national colors and the patriotism of the American people in past wars.

He advocated peace, but said the time had come for every individual to look at the situation in a broader way—that everyone should stand ready to do his part in protecting the country, that no one should be a mollycoddle. Reciting the division of the country in the Civil war, he said the differences of fifty years ago had been buried and that we were now a united people—that this is our country, and if need be we were ready to die in its defense.

J. P. Greeley of Balboa responded to the address of welcome.

The flag given Company L when it was called in the Spanish-American war was draped at one side of the banquet hall, and Col. S. H. Finley, who was captain at the time of its presentation by the citizens of Santa Ana, was called upon to speak of the incidents of its presentation. The speaker said that the enthusiasm at that time is not in evidence at the present crisis. The loyalty and enthusiasm of the people of Orange county at that time was commented on. When the call came for Company L to mobilize preparatory to going to what at the time was thought would be an active service, the membership was but forty. Within twenty-four hours there were more applications for membership than the company could take care of. The loyalty and enthusiasm at the time he attributed to the sinking of the Maine. It stirred the people as nothing that has so far happened in the present crisis has seemed to do.

Should Take Pride
He thought every resident of the county should take a special pride in the company, and see that when it is called to active service it does not leave here with a membership less than the maximum strength. He moved that the Associated Chambers go on record as urging the young men of the county to enlist, and the motion carried with rousing applause.

Lieutenant Ford of Company L also made an appeal for enlistments.

Glass Factory to Start

L. H. Wallace of Newport Beach reported that the Newport Glass factory would soon be in operation again. He expected that fires would be started in the furnaces within ten days.

R. L. Bisby called attention to the fact that the Santa Ana woolen mills would also soon be ready for business.

Harbor Lost Out

Reporting for the Harbor committee Lew H. Wallace said for the first time in the nine years harbor boosters had fallen down in making a good impression on committees and boards inspecting the harbor site. The fall down came when the Congressional committee visited the harbor a few weeks ago. Several mishaps to the boat in which the party was taken over the bay prevented them from seeing all

the good points, and came near causing them to miss their train to San Diego.

Chairman Padgett did show interest enough in the project to suggest that if the harbor boosters ever expected to get the assistance from the government they first would have to stop the Santa Ana river flowing into the bay and filling it with deposits of silt. The jetty situation has reached the point where in all probability the city council will at its first meeting in April authorize the advertising for bids for its construction.

Olive on Map

The Olive Improvement Association presented an application for membership, with Dr. J. D. Thomas as the delegate. The association was voted in.

New Officers

The annual election resulted in the election of F. C. Krause of Anaheim, president, J. A. Armitage of Sunset Beach as vice president and J. C. Metzgar as secretary-treasurer.

Officials Absent

Sickness prevented both President Bradford and Secretary Metzgar from being in attendance. T. E. Stephenson, vice president, presided, and J. A. McFadden acted as secretary pro tem.

SUITS \$25.00

KILLS PAIN

HOW TO SELECT FOODS

Household Grouping of Foods to Effect Economy and Insure Proper Diet—Uncle Sam's Food Specialists Urge Every Housekeeper to Think of the Food She Serves in Five Simple Groups—Foods Within a Group Are Interchangeable, But Cannot Be Substituted Safely For Foods From Other Groups.

WASHINGTON, March 28.—If the housewife will group the various foods in her pantry, vegetable bins, and refrigerator into five simple groups and will see that foods from each of the groups appear in each day's meals, she can feel sure that she is giving her family the eight different substances which the body needs for well-being. This grouping will help the housekeeper who wishes to save money or time to simplify her meal without making them one-sided or incomplete. It will enable her to determine whether the meals supply all the different materials needed and will prevent substituting one food for another which has an entirely different use.

To help the housewife group foods in a simple and effective way, the nutrition specialists of the U. S. Department of Agriculture have published the following suggestive grouping in Farmers' Bulletin 808, on how to select foods.

Group 1—Fruits and Vegetables

Without these the food would be lacking in mineral substances needed for building the body and keeping it in good working condition; in acids which give flavor, prevent constipation, and serve other useful purposes; and in minute quantities of other substances needed for health. By giving bulk to the diet they make it more satisfying to the appetite.

Foods depended on for mineral matters, vegetable acids, and body-regulating substances.

Fruits—Apples, pears, etc., bananas,

berries, melons, oranges, lemons, etc. Vegetables—Salads, lettuce, celery, etc., green peas, beans, etc., tomatoes, squash, etc., potterbs, or "greens," potatoes and root vegetables.

Group 2—Meat and Meat Substitutes These are sources of an important body-building material, protein. In the case of children part of the protein food should always be whole milk.

Foods depended on for protein. Milk, skim milk, cheese, etc., poultry, eggs, meat, fish, dried peas, cow-peas, etc., nuts.

Group 3—Foods Rich in Starch Cereals (wheat, rice, rye, barley, oats, and corn) and potatoes (white and sweet). Cereals come near to being complete foods, and in most diets they supply more of the nourishment than any other kind of food. It is not safe, however, to live only on cereals.

Foods depended on for starch. Cereal grains, meal, flours, etc., cereal breakfast foods, bread, crackers, macaroni and other pastes, cakes, cookies, starchy puddings, etc., potatoes and other starchy vegetables.

Group 4—Sugar

Unless some of the fuel is in, this form the diet is likely to be lacking in flavor.

Foods depended on for sugar. Sugar, syrups, molasses, honey, candies, sweet cakes and desserts, fruits preserved in sugar, jellies, and dried fruits.

Group 5—Foods Very Rich in Fat These are important sources of body fuel. Without a little of them food would not be rich enough to taste good.

Foods depended on for fat. Butter and cream, lard, suet, and other cooking fats, salt pork and bacon, table and salad oils.

Some food materials really belong in more than one group. Cereals, for example, supply protein as well as starch; potatoes supply starch as well as the mineral matters, acids, cellulose, and body-regulating substances.

S. A. GUIBERSON and L. L. Richards of Los Angeles have invented and sent to the War Department in Washington a new trench rifle by which the soldier can shoot over the trench without being seen. This is done by means of reflecting lenses, and by raising the barrel.

CHIEF NO SHIRT SORE AT INDIAN DOCTOR

lose, and body-regulating substances, for which they are especially valuable; and most meat supplies fat as well as protein. The lists given above show some of the common food materials arranged in these five groups according to their most important nutrients. Thinking of foods as belonging to these groups should help to prevent two mistakes—that of serving meals that have not sufficient variety, and that of cutting down in the wrong places when economy either of time or money is needed.

The groupings will help the housekeeper who wishes to save money or time to simplify her meals without making them one-sided or incomplete. For example, from these groups, the housewife who has been serving bread, potatoes, and rice or hominy in one meal, will see that one or even two may be left out without omitting any important nutrient. They will show her that a custard which is made of milk and eggs, two foods from group 2, would hardly be needed after a meal in which a liberal supply of meat had been served, and that a child does not need milk at the same meal with an egg or meat. It will suggest that baked beans or other legumes, or thick soups made of legumes, are substitutes for meat rather than foods to be eaten with meat.

If, by studying these groups, the housewife finds that she has provided tissue-building protein (group 2), and the necessary though small amount of tissue-building minerals and body-regulating minerals (group 1), she may safely build up the bulk of the diet from whatever materials from the other groups that seem economical, wholesome and appetizing.

This method of planning prevents substituting one food for another which has an entirely different use. In general, economy within each group is safer than using an inexpensive food from one group in place of an expensive one from another group. The next article of this series deals with How to Tell if the Family is Getting Enough of the Proper Food.

AMUSEMENTS

ALL NEW SHOW AT TEMPLE TONIGHT

—Lovers of sports and the manly art of self-defense will have a chance to cheer for their favorite tonight, when the Athlon company puts on the exciting prize ring play, "The Come Back." This is the first time during their long stay of seven weeks in Santa Ana that this popular little company has put on an act of this kind, and in their hands it should prove a big winner. Since coming here they have given us about everything except Shakespeare and grand opera, but if they ever do tackle that, we'll stake our pile that they will put it over. The Athlon Company is an exceptionally clever bunch of players, and have made a name for themselves here that they should feel proud of.

"Blood Will Tell" is a new Triangle-Ince-Kay Bee photoplay starring William Desmond. It is a story of big business, dealing specifically with tricks in the world of high finance to make fortunes with artificially created turns of the market. It is the story of a young man, apparently a worthless son, who makes good when the right opportunity presents itself because of the traditions of his family. The simple fact that he bears the family name, the name of his father and of his grandfather, carries him through to a triumphant finish.

The All Star Triangle Comedy Players, in the riotous comedy, "The Winning Loser," will drive dull care away.—Adv.

At the Princess

Helen Holmes' extraordinary adventures in "A Lass of the Lumberlands," approach their culmination in "The Indian's Hand." Chapter XIV of the extraordinary Mutual-Signal novel, since the young woman becomes for the first time aware of her actual title to the name and fortune of old "Dollar" Holmes, arch conspirator of the lumber trust and bitter opponent of the Independent lumber interests, of which Joe Dawson, Helen's foster father, is the head. Miss Holmes, who is the epitome of action throughout the exciting episodes of the chapter, is given an opportunity in this latest series of events for some very fine acting, and in the scenes between herself and the foster brother, Stephen Holmes, who has just discovered himself to be nameless, she is splendidly effective.

Geo. (Jerry) Ovey also appears in the second of his new series of "Jerry" comedies, "Jerry's Winning Way."

Rice Griddle Cakes

One egg, two teaspoons melted butter, two cups flour, one cup milk, little salt, boiled to make a thin batter.

PENDLETON, Ore., March 20.—Ancient superstitions of northwestern Indians have not been eradicated by contact with civilization. The death here recently of Chief No Shirt (Sis-ma-ke-na), of the Walla Walla, showed the ancient traditions and beliefs of his forefathers still alive. In his last illness the old chief steadfastly refused to be treated by a white physician.

Chief No Shirt believed his malady was caused by an evil spell cast over him by She-low-he-tammy, an old Indian doctor or medicine man, on the Umatilla reservation. All Indians of the northwestern tribes at one time were believers in animism—that is, they endowed all animals and inanimate things with souls and spirits, which were not inseparable from the objects to which they belonged.

Whenever an Indian boy was born he was given a "weyekin," that is, the spirit of some animal, bird, insect or serpent was selected to shape his destiny and guard his life. The animal from which he derived his "weyekin" was sacred to him forever.

Belief in Evil Spirit

Through his "weyekin" the old Indian believed it possible for him to work evil upon another person, providing his "weyekin" was more powerful than the "weyekin" of his enemy.

Old Chief No Shirt believed She-low-he-tammy, through his "weyekin," had cast an evil spirit over the chief. His own "weyekin" was not strong enough to overcome that of the medicine man and he told his people that unless She-low-he-tammy withdrew his "weyekin" their chief must die.

The medicine man is thought to have superior ability in the control of his "weyekin" and in getting its assistance. He works entirely by absent treatment. He evokes the aid of his "weyekin" by tom-toms and other weird means and projects his evil thoughts through his "weyekin" into his victim.

Last of Their Kind

She-low-he-tammy, who is known familiarly among his tribesmen as Dr. Sham-mook and among the whites as Big Jim, is one of the last of the old medicine men on the reservation.

The death of Chief No Shirt removed from the reservation one of the most influential Indians in the west and the last of the old-time chiefs. No Shirt was the leader of the faction that adhered to things of the past. He resisted every innovation brought by the white man.

His last fight was to prevent the allotment of tribal lands. When the Indians of the reservation on January 2 voted in favor of the proposed plan, the chief called a council of his own and was again defeated after hours of heated debate. It was then that he decided to go to Washington.

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Rub Pain Away With a Small Trial Bottle of Old, Penetrating "St. Jacobs Oil."

Stop "dosing" Rheumatism. It's a pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Linger up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer. Rub rheumatism away.—Advertisement.

D. C., and appear before the Indian bureau in behalf of his plan. His last illness prevented the trip, and even while he was dying came the dispatch that Senator Lane of Oregon had included in the Indian bill a provision for the allotment of tribal lands.

MAY ESCAPE HANGING AS THERE'S NO PLACE TO STRING HIM UP

SPOKANE, Mar. 29.—Because there is no place in which to hang him, Edward Mayberry, half-breed Indian, probably will escape the death sentence imposed for the murder of Alice Vibian on the Colville reservation last August.

President Wilson granted Mayberry a 30-day respite so his lawyers could appeal from the sentence, on the ground that it could not be legally carried out in the state of Washington, where capital punishment is barred. This respite will expire a week from Sunday.

The woman killed by Mayberry was alleged to be his wife. He said the shooting was accidental. As it occurred on Federal government property, United States Judge Rudkin went ahead and condemned Mayberry to death, in spite of Washington's law against executions. The original hanging date was January 19.

Mayberry obtained a postponement until March. Then it was necessary to find a place inside the state boundaries and yet not under state jurisdiction where a gallows could be legally erected. The Federal building was deemed United States territory and plans were made to hang Mayberry on the roof. His lawyers objected and demanded a ruling by the Treasury Department. Mayberry remained calm and carpenters began measuring off a place to build the scaffold.

The Treasury Department ruled that the plan was illegal. President Wilson granted Mayberry a reprieve to April 10, at which time he will be imprisoned for life, likely.

CUT THIS OUT—IT IS WORTH MONEY

—DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Rowley Drug Co.

BAD COLDS FROM SUDDEN CHANGES Spring is a time of weather and with it come colds and the revival of winter coughs and hoarseness. Dr. Bell's Pine-Tar-Honey will head off a new cold or stop the old one. The soothing balsams relieve the sore throat and heal the irritated tissues. Get a bottle today and start treatment at once. At your drug-gists, 25c. Formulas on the bottle.

**"Here's to
your good
health and
your family's
good health!"**

SUCCESS in every pursuit depends upon health, energy, ambition, and good strong nerves. It is the active, clear-eyed, red-blooded individual who wins at work or at play. A healthy stomach is the foundation of your physical well-being. There is plenty of iron, albumen, phosphates and chlorates, in the food you eat every day, to preserve your youthful vim and vigor to a ripe old age.

Many men and women are prematurely old, run down, anemic, and underweight, because their stomachs are out of order and therefore unable to extract the strength-building, health-giving elements from what they eat. All the nerve tonics and iron pills in the world will not do for you what wholesome food properly digested will do.

If you suffer from indigestion, nervous dyspepsia, pain after eating, sour, painful or too strongly acid stomach; if you are afflicted with any kind of stomach trouble, you should try Stumaze. Do not patch up that stomach of yours by using makeshift pepsin tablets or other artificial digestants. What you want is permanent relief. Stumaze aids Nature to help herself.

Stumaze is not a cure-all, but a modern stomach medicine, sold in the modern way—on a money-back guarantee of satisfaction. Its pungent mint flavor is not at all disagreeable. Stumaze can be safely given to children, as it contains no harmful or habit-forming drugs. It is formulated to help all who suffer from stomach trouble, so we offer it in the words of Rip Van Winkle's old toast, "Here's to your good health and to your family's good health; may they all live long and prosper." Get a bottle of Stumaze from your druggist today and be well.

Worth \$1.00 the bottle

For sale at all good drug stores

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Mar. 29.—The regular meeting of the local Woman's Christian Temperance Union was held on Tuesday afternoon at the home of Mrs. Clara Elliott, 267 North Orange street. About twenty ladies were present. Rev. Agnes Ralph of Owensmouth, a former president of the Orange Union, being a welcome visitor. Devotional exercises were led by Mrs. E. H. Mills. After the reading of the secretary's minutes, several items of business were transacted. The president, Mrs. Benson, announced

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

—Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. This preparation is a delightful toilet requisite and is not intended for the cure or mitigation or prevention of disease.—Advertisement.

ed that the officers had decided, after consulting a number of members, to hold but one meeting a month during the coming year, with no meeting during August. By an almost unanimous vote of the members present, it was decided to continue holding the meetings at the homes of the members instead of changing to one of the churches, as had been suggested.

It was decided to accept the offer of Mrs. Frank DeWitt Wheeler to give an evening of story, humor and impersonations at Orange and a committee was appointed to perfect the arrangements.

New Officers Named
Annual election of officers was the principal business before the meeting of the American Women's Republic at the home of Mrs. Ira Stolp on C street Tuesday.

The election was accompanied by an enjoyable social time and delicious refreshments were served. The new officers for the year are as follows: President, Mrs. J. W. Broomell; vice president, Mrs. Ira Stolp; secretary, Mrs. W. H. McMurphy; treasurer, Mrs. Eugene Livingston; director, Mrs. L. E. Jones.

Center Street P. T. A. to Meet
The Center Street Parent-Teacher Association will meet Friday afternoon at 3 o'clock in the kindergarten room at the school. An interesting program has been arranged for the occasion.

Personals
A daughter was born yesterday morning to Mr. and Mrs. George P. Benson of this city. Benson is instructor of athletics at the high school. Mrs. Eugene Livingston has returned home from a visit at Catalina with a party of friends.

Jay Harbour and Roy Ford attended the snow ball dance at Seal Beach Tuesday evening.

J. T. Simmons drove to Los Angeles yesterday on business.

S. B. Edwards was among yesterday's Los Angeles visitors.

Eugene Wilson of Los Angeles was here on business yesterday.

Judge and Mrs. Powers and their daughter, Mrs. Whitney, of Norfolk, Neb., were guests yesterday of Dr. C. S. Parker and family and other former Norfolk friends.

Dr. C. J. K. Jones and J. S. Collier attended a meeting of the California Fruit Exchange in Los Angeles yesterday.

Freeman Philip and T. E. Dozier have gone to Elsinore Lake for a vacation outing and fishing trip.

Mrs. W. N. Neale left yesterday morning for Hinkley, where she will spend some time.

Sherman Gillogly was among the passengers on yesterday morning's train to Los Angeles.

A fine baby boy was born Monday to Mr. and Mrs. M. E. White of McPherson.

Mrs. A. R. Todhunter is spending a few days in Whittier visiting her mother.

Mrs. J. M. Busby of Redlands is a guest of her sister, Mrs. M. J. Becker. William Grecht was a business visitor in Los Angeles yesterday.

EAST LIVERPOOL PICNIC

The East Liverpool Association, in which Santa Ana is well represented, will hold an all-day picnic and reunion at Exposition Park, Los Angeles, on Saturday, April 7, of former residents of Ohio's widely known "Crockery City."

OUCH! BILL SEEKS TO BAR ELOPEMENTS

SACRAMENTO, Mar. 29.—J. L. Fleming, Los Angeles attorney, is seeking to have the legislature pass a measure that would stop elopements. His bill follows:

All persons about to be joined in marriage must file with the clerk of the county in which one of such parties resides and in such application for marriage license is to be made, an application in writing stating the intention of the parties and their ages.

The person making such application shall deposit with the clerk at the time of making such application, a sum sufficient to pay the cost of publication thereof.

A notice of such application shall be published within the county, which publication shall be made not less than once a week for a period of at least four weeks preceding the issuance of a marriage license to such parties, and no marriage license shall be issued until after such publication has been made in accordance herewith.

"Ouch!" says Cupid.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water

—When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacy about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Advertisement.

CHAUTAUQUA IS BOUGHT, \$2600 TO BE PAID BY GUARANTORS

William Jennings Bryan Coming, Is Assurance Given to Committee

At a meeting yesterday of the Santa Ana Chautauqua for 1917, which starts on April 26, the guarantors bought the Chautauqua outright for \$2600. The guarantors had the option of standing on the contract, signed by fifty Santa Anas, by which the Redpath-Horner people were guaranteed \$1800 for giving the course, that \$1800 to be raised entirely through the sale of season tickets, or of taking over the Chautauqua and making it more closely a Santa Ana business, the profits to be part of a permanent Chautauqua fund.

One of the important features of yesterday's meeting was the assurance that William Jennings Bryan, former secretary of state, would speak in Santa Ana during the Chautauqua. He is dated to appear here on the afternoon of Wednesday, May 2.

Organization for the Chautauqua campaign was made yesterday during the visit of W. E. Welch, advance man for the Chautauqua. He gave an outline of the program for the week, starting April 26. He decided it to be the most extensive program ever put upon a Chautauqua circuit, and as he entered into an explanation of its various features the conviction settled upon the guarantors that it was a program that could not fail to be a splendid success in Santa Ana.

A Drawing Card
Welch stated that the Chautauqua pays Bryan \$250 an address, and when he speaks twice in a day Bryan gets \$500.

"We can't make any money on Bryan," declared Welch, "but he is a drawing card that is a great aid in selling season tickets, especially when a person getting a season ticket is assured of getting a seat. Bryan never fails to pack the tent."

Welch promised definitely that this year a big tent, 90 by 130, would be furnished, one that will be far bigger than the one used last year and especially fitted for Chautauqua work.

Adjust Schools
J. A. Cranston, superintendent of city schools, said that school hours could be made to fit very well into afternoon programs that would commence at 3 o'clock, and when A. B. Gardner, president of the guarantor committee, announced that 3 o'clock was his choice of hour for opening the afternoon entertainments, he found the entire committee with him. The secretary, T. E. Stephenson, was instructed to furnish the Kansas City headquarters with 100 addresses for the sending of de luxe catalogues for the Chautauqua.

Committee Heads
W. C. Jerome was appointed chairman of the advertising committee, and to him Welch turned over a quantity of advertising matter. R. L. Bisby was named as chairman of the entertainment and reception committee, and S. H. Finley as chairman of the ticket-selling committee. Each of these chairmen has the authority to add names to his committee.

From last year's experience it was brought out that a move to have a reserved seat go with each season ticket would prove a popular move. Rev. J. G. Kennedy, vice-president of the guarantors, made a motion that season tickets be sold for \$3 with a seat reserved for the entire course, and \$2.50 without a reserved seat. This motion was discussed by J. G. Morrow, H. L. Hanson and others who were in close touch with last year's Chautauqua, and was carried unanimously. The same rule of charging fifty cents extra for a season reserved seat for students of the Santa Ana schools was adopted. Last year the charge for students for \$1 for a season ticket.

Buying It Out
Welch said that the Chautauqua people regarded Santa Ana as a good Chautauqua town, and they would just as soon not have the option of buying the week for \$2600 exerted. The proposal for purchase met with unanimous approval. Under that plan the Santa Ana Chautauqua fund will get all receipts of every kind excepting the single admissions for Bryan. The Chautauqua people find that Bryan's \$250 a speech makes it necessary for them to reserve the single admissions that he draws.

The ticket-selling campaign will be started probably two weeks or ten days in advance of the opening of the Chautauqua.

INTERMEDIATE PUPILS GRANTED CERTIFICATES

The Zanerian College of Penmanship, at Columbus, Ohio, has recently granted certificates for proficiency in writing to the following fifty pupils of the Intermediate School.

Harold Wright, May Belle Roberts, Sara Sabastian, Percy Kelly, Hazel Ilenberg, Kenneth Clem, Bernice Hanning, Marion Prange, Melvina Frye, Elvira Herrera, Leatha Carpenter, Irene Perine, Hazel Cramer, Martha Nielson, John Mitchell, Vera Thompson, Velma Cargay, Gladys Covey, Gertrude Kilby, Harriet Schultz, Violet Post, Helen Hankey, Verna Fulton, Lela Burton, Onita May Cain, Josephine Scott, Eleanor Duncan, Ruth Dripps, Anita Marie Cox, Ethel Richardson, Helen Young, Thelma Gerard, Donald Watson, Violet Cook, Ruth Goodrich, Alice King, Alfrida Jones, Lorinne McClure, Helen Harper, Velma Miller, Adeline Cochems, Helen Mateer, Darold Meyer, Jennie Nelson, Lurline Pea, Wilma Cozad, Martha Pickering, Enrique Cenceros, Isabelle Wylie, Marguerite Hartley.

Miss Maude Wherry is the teacher of penmanship.

The Success of Honeysuckle Hinges on Two Facts

In the first place, Honeysuckle is just a little better bread than the average.

Honeysuckle has the genuine, home-like flavor. It's a real bread treat. We base this assertion on our enormous output—better than 1000 loaves daily.

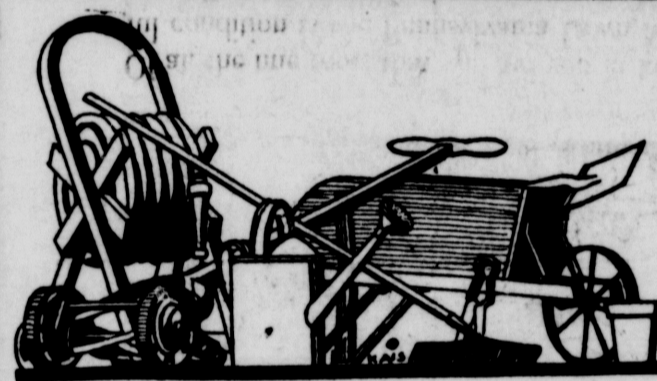

And this demand in less than two months that we have been telling folks about this fine, new loaf.

The second big reason for Honeysuckle success is, of course, the price of 8 cents. There is no mystery about this 8-cent price. We have no heavy overhead expense, we buy flour in large quantities and we are not afraid of working overtime.

The three stars in our bread line are:

Honeysuckle - - - - - 8c
Crane's Cottage Milk Loaf 10c
Crane's Pure Milk Loaf - - 10c

All baked at home—in Santa Ana. Try either one and see. Your grocer sells them.

The Pennsylvania Lawn Mower and Other Tools

Of all the fine tools that will aid you in keeping your lawn in beautiful condition is the Pennsylvania Lawn Mower.

An unkempt grass plot looks like a man who needs a shave; but a smooth lawn greatly improves the appearance of any dwelling.

For a smooth lawn shave no mower cuts like the Pennsylvania.

It stays sharper much longer, pushes easier, cuts smoother, and wears longer.

And the rest of our garden tools are equally fine. We don't handle a thing that is cheap in tools. When you buy a rake, hoe or spade here it wears and lasts.

See our display of garden tools and the Pennsylvania Lawn Mower in the window.

NEW BLOCK PLANNED AT MOTHER COLONY

ANAHEIM, Mar. 29.—The Anaheim opera house, built in 1888 by Theodore Reiser, at the corner of Center and Olive streets, is to be torn down and replaced by a modern two-story business block.

Within a few weeks the work of raising the structure will begin and shortly thereafter the construction of the new building will start.

The office of the Weekly Gazette will be moved into the Bushard building, west of the opera house. The announcement that the structure would be torn down followed the condemnation of the building by the city council.

SLOAN'S LINIMENT FOR RHEUMATISM

The torture of rheumatism, the pains and aches that make life unbearable are relieved by Sloan's Liniment, a clean, clear liquid that is easy to apply and more effective than mussy plasters or ointments because it penetrates quickly without rubbing. For the many pains and aches following exposure, strains, sprains and muscle soreness, Sloan's Liniment is promptly effective. Always have a bottle handy for gout, lumbago, toothache, headache, stiff neck and all external pains. At druggists, 25c.
